Mrs. Pede stated that the 2011-2012 county draft of the school calendar has been released. We are looking at the possibility of having staff report on September 1 and the students returning after Labor Day. And a reminder that the elementary school will be under construction this summer.

**LEGISLATIVE UPDATE**

Mr. Drake reported that the State approved 23 New Charter Schools. School Districts will become financially responsible for homeless students after 1 year.
REPRESENTATIVE INFORMATION FROM PHILLIPSBURG
Mr. Edinger stated that there is currently an investigation going on regarding the bidding process for the security firm that was awarded a contract. The fine that would be imposed is $101,000 which is the savings from the contract. Phillipsburg has not taken action to appeal but still may take action. A new football coach was hired. Last night the Phillipsburg Board approved a tuition rate of $11,025 per student for the 11-12 school year.

COMMITTEE REPORTS
Adhoc Committee – Mr. Krusman reported that he will be meeting shortly with Mrs. Pede and Mrs. Fritts about holding a voter registration drive. Mr. Krusman also stated that he went to a shared services meeting on January 31st. He learned that there are some things that can be done with the food service account but the options are limited.

Education Committee – Mr. Kennedy reported that the committee discussed how the district is moving forward in tough budget times. The committee discussed the contractual item regarding Mrs. Barna’s contract and the renewal of Mrs. Pede’s contract.

Facilities and Technology Committee – Mr. Edinger reported that Mr. Shea demonstrated the web content filter that is in place. The Addendum to USA Architect’s contract was reviewed. The timeline for the renovation project was discussed and the possibility of changing summer hours to a four-day week for cost savings. The committee asked Mrs. Barna and Mr. Marinelli to look into the possibility of a solar project.

Finance Committee – Mr. Gallant stated that the committee is continuing to have budget discussions. The initial cost estimate on health insurance premiums was reduced from 12% to 8.6%. The increase in tuition to Phillipsburg is over $600,000 and there is still no indication on what the state aid figures will be.

Negotiations – Mr. Kennedy stated that due to the budget constraints, the committee met with the Education Association. The Lopatcong Education Association responded that they would be willing to revisit discussions after the Governor’s Budget Address.

Policy Committee – Mr. Kessler stated that a Policy Alert was recently issued and the committee will be meeting to review this alert.

PUBLIC COMMENT
Mary Duaim – What are we paying Phillipsburg? We are currently paying $11,025 per student. We were told that Phillipsburg would be charging $11,200 per student in the 2011-2012 school year. The Phillipsburg Business Administrator is claiming that the incorrect number was on the resolution last night.

Jeff Ramano – Is the second question on the ballot still happening? Yes, this will be a non-binding question.

Doug Liptak – Is the board permitted to put non-budget questions on the ballot? As far as we know, yes. Mr. Liptak made a comment that the programs that impact teachers and students within the district should be the least impacted. A Superintendent and administrator in each building should be sufficient. Look at the admin. assistant positions first. Eliminating teachers will increase class size. The district should be entering into more shared services in the area of transportation, technology department, supply purchases and do we need someone to supervise the custodians? Mrs. Barna replied that the district is already partnered with other districts and cooperative purchasing for supplies, both classroom and custodial, transportation through Warren County Special Services School District and the Sussex County Regional
Cooperative. The district partners with other districts for electric and natural gas supply as well. The district continues to look for opportunities for shared services.

Mr. Gallant stated that the finance committee will be considering options that will have the least impact on students.

Marla Endick – With the second question on the ballot, the board is shooting themselves in the foot with passing the budget. This is very twisted logic as to why this is on the ballot.
