KEITH DELTANO

Serious Comedian to Address Serious Bullying

Award winning middle school teacher, counselor, and educational comedian will be at Lopatcong Middle School on February 27, 2017 at 7:00 pm to address bullying at the elementary and middle school levels.

Keith has performed at schools across the country and uses comedy to show students why they do what they do. The parent workshop will focus on how to create resilient children that can survive in a culture that seems to be intent on tearing them down.
