

BOARD NOTES

The lazy, hazy days of summer are coming to a close and soon our staff and students will be returning to the classroom. Our goal of continuous improvement extends to all areas of operations. The students and staff in our district amaze us each and every day, and we share their successes. As the year goes by, we constantly review our board goals and set our sights on higher accomplishments, as we know we can do better each and every day.

As we head into this new year, we encourage our parents and community to be active in our school. You are important to our students and community.

To all of our students a great big Welcome Back!
