July 3, 2017

Dear Students and Families,

It is with great honor and excitement that I introduce myself as the new Principal of Lopatcong Township Middle School. Growing up in the community, attending Lopatcong Elementary School as a youngster, and working in the district for eleven years has provided me with a unique view of where the district has been and where it is going. My passion for education and devotion to the students of this community has been shaped through a variety of positions I have held in this district which includes being a classroom teacher across various grade levels as well as the Assistant Principal of the Middle School. As Principal, it is my goal to motivate, inspire, and foster the development of all students and staff toward ongoing and continual success to ensure the best educational experiences possible for the students of this township. Furthermore, I am committed to providing all students and staff with a safe, productive, and positive learning environment to promote academic achievement.

The longstanding tradition of educational excellence at Lopatcong Middle School originates from the collaborative efforts of the school staff, parents, and the community, all of which have afforded our students the necessary preparation to be lifelong learners and productive members of society. As a former student of Lopatcong School District, I am reminded of my educational experiences and how those experiences were enhanced by the shared efforts of outstanding teachers, supportive parents, and members of different community groups. By working together toward what is best for the students, we will continue to provide them with an exceptional, well-rounded education.

Over the past few weeks, I have had the privilege of speaking with, and getting to know, many of the incredible students, parents, and staff of the Middle School while also attending various community events. After reflecting on all of these interactions, it is clear there is tremendous pride and support for our school. Also, it is apparent all stakeholders are devoted to continuing to advance the school in a positive direction.

As the summer months progress, please visit the district website, virtual backpack, and social media pages for correspondence regarding important information and events for the upcoming school year. Additionally, do not hesitate to reach out to me should you have any questions, concerns, or ideas you would like to discuss. I look forward to a great year ahead of us.

Enjoy the rest of the summer!

Sincerely,

Rick Bonney  
Principal
