### **9100 – Public Relations**

The Board of Education believes that its community relations program is not solely one-way communication of information but covers all aspects of the school district relationship with the total community.

The Board of Education believes its school-community relations program should:

1. Promote public interest and participation in the operation of the school district;
2. Gather information about public attitudes toward the school district and its programs and report them to the Superintendent and the Board;
3. Provide an honest, continuous, comprehensive flow of information about the district's policies, procedures, regulations, programs, issues, and progress of the school district to the community and the staff;
4. Develop the most effective means of communication with the school district's public and use available media as appropriate;
5. Develop programs in the schools that will integrate home, school, and community in meeting the needs of district pupils;
6. Develop and maintain the confidence of the community in the school Board and the school staff;
7. Develop a climate that attracts highly qualified educators and support staff and encourage them to strive for excellence in the development and implementation of the educational program;
8. Be proactive in understanding and meeting the needs of the community; and
9. Evaluate past procedures in order to make improvements in future communications.

The Superintendent shall be responsible for developing programs, techniques and channels for implementing this Policy.

Adopted: August 18, 2009

### **9120 – Public Information Program (M)**

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special releases to the media; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of the media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the pupils and staff of the district shall be approved by the Superintendent or his/her designee.

The school district will not release or publish photographs identifying pupils by name or release other personal identifying information of an individual district pupil without the prior written permission of the parent(s) or legal guardian(s). Written permission slips for such release from each parent(s) or legal guardian(s) will be obtained by the Building Principal or his/her designee for the pupils in their school building. These written permission forms shall be maintained by the Building Principal. Group photographs may be released by the district without permission, but in no event will an individual pupil in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s).

The Superintendent shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a school district newsletter, district website, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a pupil handbook as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for parent/guardian understanding.

#### **Avoiding Excessive Expenditures when Communicating with the Public**

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of Board of Education within ninety days before any election in which any Board member is seeking an elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations activities, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount for such additional activities. Any increase in the maximum dollar amount shall require formal Board action.

### **9130 – Public Complaints and Grievances**

Any person or group having a legitimate interest in the schools of this district may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed five working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than seven working days after the appeal is filed, except that the Board shall have forty-five calendar days to make its decision.
5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the schools. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource

materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.

6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

Adopted: August 18, 2009

### **9140 – Citizens Advisory Committees (M)**

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the schools, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the schools; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Board.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject in part or in whole recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

### **9150 – School Visitors**

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Building Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school by signing in and signing out. All visitors must visibly wear a visitor's badge. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Building Principal shall seek confirmation of legal custodianship where necessary.

No visitor may confer with a pupil in school without the approval of the Building Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

The Superintendent shall develop regulations that will protect pupils and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

### **R9150 – School Visitors**

#### A. Definition

“Visitor” means any person present in a school building on a school day during the hours school is in session, other than those persons whose presence is required by their enrollment in the school or employment by the Board and includes, but need not be limited to, parents or legal guardians, family members, district residents, guests, educational researchers, and members of the Board. For the purposes of this Regulation, “visitor” does not include persons present in school buildings to attend meetings of the Board or events sponsored by organizations granted permission by the Board to meet in the school when it is not in session.

#### B. Registration

1. Every visitor is required to register in the school office.
2. A notice will be prominently posted at each entrance to the school building, advising visitors to report to the school office before advancing to any other part of the school. Additional signs should be posted in the lobby of each building to advise visitors not to proceed without registering in the school office.
3. The Building Principal will maintain a logbook in the main office of the school. Each visitor shall enter his/her name and the purpose and time of his/her visit in the logbook except that the Building Principal may exempt trades persons who make regular and frequent visits to the school.
4. Each visitor will be given an identification tag or badge, which must be visibly worn while the visitor is in the school. The Building Principal may give a permanent identification tag or badge to a trades person who makes regular and frequent visits to the school.
5. The Building Principal or office personnel designated by the Building Principal shall arrange for an escort to accompany each visitor to his/her destination except that the Building Principal may permit visitors familiar with the school and personally known to the Building Principal to proceed unaccompanied.
6. A staff member who encounters a visitor without identification will request the visitor to report at the school office, and if feasible, conduct the visitor to the school office. A visitor who resists the request or refuses to be conducted to the school office shall be reported to the Building Principal immediately.
7. A teacher shall not admit a visitor to his/her classroom unless the visitor has the identifying tag or badge or is accompanied by the Building Principal or the Building Principal’s designee.
8. When a visitor has completed the business of his/her visit, he/she will return directly to the school office, return the identification tag or badge, enter the time leaving in the log book, and promptly leave the building.

9. The provisions of this paragraph may be waived for parents or legal guardians attending scheduled parent-teacher conferences.

### C. Permission to Visit Classroom

1. Permission to visit a classroom in session must be sought from and granted by the Building Principal.
2. In general, arrangements to visit a classroom should be made at least one day in advance of the intended visit.
3. After consulting with the classroom teacher to determine if the intended visit would interfere with the planned instructional program, the Building Principal will so advise the visitor and suggest another time for the visit.
4. The Building Principal is authorized to exclude a visitor from a classroom if the Building Principal has reason to suspect that the visitor may disrupt the educational program or threaten the health and safety of pupils or staff members.
5. The parent(s) or legal guardian(s) who arrives at school without having sought advance approval of a classroom visit may be admitted to the classroom at the discretion of the Building Principal.
6. The Building Principal may arrange visits to classrooms by educators and student teachers with the cooperation and consent of the classroom teachers.
7. Teachers may invite guest speakers or observers to their classrooms with the approval of the Building Principal. Each such guest speaker and observer must sign the school logbook.
8. The Building Principal has the authority to evaluate all requests to visit a classroom. A denied request will be accompanied by an explanation of the denial. The parent(s) or legal guardian(s) who has been denied access to his/her child's classroom may appeal the Building Principal's decision to the Superintendent, whose determination may be appealed to the Board of Education in accordance with [Board Policy #9130 – Public Complaints and Grievances](#).

### D. Limitations on Visits to School

1. Visitors are permitted in the schools only during school hours.
2. A visitor may remove a pupil from school only in strict accordance with [Board Policy #5230 – Late Arrival and Early Dismissal](#).
3. A visitor may confer with a pupil in the school only with the approval of the Building Principal and in the presence of a teaching staff member.
4. A visitor to a classroom shall not interrupt the instructional program, speak to or disturb pupils, or distract the teacher. A visitor who wishes to confer with the teacher must make arrangements for a conference at a later date.

5. A visitor may not bring a child or children to a classroom without the express permission of the teacher and the Building Principal.
6. A classroom visit may ordinarily not exceed sixty minutes without the express permission of the teacher and the Building Principal.
7. The Building Principal may restrict the number of visitors to any classroom at any one time. Preference will be given to the parent(s) or legal guardian(s) of pupils in the classroom.

### E. Disruptive Visitors

1. The Building Principal has complete authority to exclude from school premises any person whom he/she believes may:
  - a. Disrupt the instructional program;
  - b. Disturb teachers or pupils; or
  - c. Commit an illegal act.
2. A visitor whose presence or conduct is disruptive or whose conduct in the past suggests that he/she may be disruptive may be requested to leave the school premises. If the visitor so requested does not withdraw, the Building Principal may summon assistance from the local police department.
3. A visitor who presents a serious and immediate threat to the health and safety of persons in the school may be subdued by appropriate means pending the arrival of law enforcement officers.
4. If the Building Principal has been alerted to dangerous persons in the vicinity of the school or has been informed that a person intends to enter the school with the intent of doing harm, the Building Principal may, in his/her discretion:
  - a. Assign personnel to patrol entrances to the school and deny entrance to any person not properly identified or personally known to them;
  - b. Implement emergency lock down procedures. Lock all school entrances other than the main entrance so that doors cannot be opened from the outside (taking all necessary steps to ensure that doors can be opened from the inside by pressure on crash bars). Note: This is daily operating procedure.

### **9160 – Public Attendance at School Events**

The Board of Education welcomes the attendance of members of the community at athletic, PTA, and other public events held in the schools of the district and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct constitutes a disruption. The Board prohibits smoking, the possession of any weapon as defined in Board Policy #8467 – Weapons, the possession and consumption of alcoholic beverages at any function sponsored by the district, and further, prohibits wagering on school premises.

Adopted: August 18, 2009

### **9161 – Crowd Control**

The Board of Education believes in order to achieve its goals for interscholastic competition, the student body and the general public attending an interscholastic event conduct themselves in such a manner as to make a positive contribution toward the educational objectives of this district.

The Board directs the Superintendent to prepare regulations for pupil and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The school district does not sponsor interscholastic events. Facilities are used by the Lopatcong Athletic Association.

The Board authorizes school officials to have expelled from any district building or event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Further, any spectator involved in continual violations of the rules and regulations shall be prohibited from attending further events held in district buildings or other school events.

Adopted: August 18, 2009

### **9180 – School Volunteers**

The Board of Education recognizes that the services of community volunteers can enrich the educational program, assist teaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board authorizes a program to use the services and abilities of unpaid community volunteers in the school district.

Volunteers may be recruited by the school district administration or staff to assist with classroom or other school activities, such as assisting in the school's libraries or as co-/extra-curricular advisors/assistants, under the direct supervision of an appropriately certified or licensed school district employee. The PTA or other approved organizations may recruit volunteers to assist with their activities in the schools.

The Superintendent (or designee) will maintain a procedure and be responsible for the screening of all volunteers. In screening volunteers, their character, sense of responsibility, and integrity will be considered. Community volunteers need not be parents of current Lopatcong Township School District students. The Superintendent and Building Principals will have the right, at their sole discretion and without being required to provide a reason, to not accept the offer of any individual to volunteer in the school district. The assignment of volunteers to specific tasks may be delegated to other staff members or to other approved organizations (e.g., PTA), as appropriate.

The Superintendent (or designee) will prepare and distribute rules of conduct (a volunteer's handbook) for school volunteers. Each volunteer will be given a copy of the rules of conduct before volunteering in either school.

The following guidelines will govern the service of school volunteers:

1. Volunteers will serve only under the direction and supervision of an administrator (or designee), or an appropriately certified or licensed staff member.
2. Volunteers must report to the Main office and sign in before going to their volunteer assignment. They will be given a "visitor" badge which must be visibly worn at all times they are on school property. At the end of their assignment they must return the badge to the Main office and sign out.
3. Volunteers are not free to walk about the school or visit their child's classroom; they must remain in the area of their volunteer assignment.
4. Volunteers should clearly understand the duties, responsibilities, and scope of each of their volunteer assignments; they should only be involved in activities that support the given assignment.
5. Volunteers serve in a support capacity; only appropriately certified or licensed staff members are responsible for educational planning and decisions, and the teaching of new concepts.
6. A volunteer who imparts information to students must be mindful of the age, maturity, and sensibility of those students and exercise proper care and discretion accordingly.

7. Volunteers will respect the individuality, dignity, and worth of each child. A volunteer must never belittle, rebuke, or discipline a student.
8. Volunteers are not permitted access to student records.
9. Volunteers must exercise discretion in discussing their school activities with others in the community. They must respect the confidentiality of any information they learn about a child in the course of their volunteer assignment and must maintain that confidentiality for information that if disclosed would violate Federal and State laws. Volunteers must never discuss the progress and/or behavior of students, or their observations about teachers or staff members at any time outside the school.
10. Volunteers may consult with the Superintendent (or designee) or Building Principal regarding their duties and responsibilities.
11. Volunteers will receive no financial remuneration from the Board.
12. Volunteers must not use the school district's computers or network, unless specifically requested to do so by a staff member to help students or by an administrator to assist with other school activities.

The tasks to which volunteers may be assigned include, but need not be limited to the following:

1. Duplicating handouts, workbooks, tests, and other materials;
2. Helping with classroom housekeeping;
3. Typing class materials such as handouts or tests;
4. Setting up audio-visual and other instructional equipment, if qualified to do so;
5. Providing computer or network support, if qualified to do so;
6. Reading aloud and telling stories to students;
7. Assisting with the school library program, such as cataloging and shelving books, helping students locate books or reference materials; or checking out books.
8. Serving as chaperones on field trips or at dances; and
9. Serving as a resource person in a special subject area.

Each school volunteer must certify in writing that he/she has never been convicted of a violation of any crime set forth in Chapters 9, 12-14, 17-18, 20, 24, 27, 29, and/or 39 of Title 2C of the New Jersey Statutes whether in New Jersey or a similar crime in another state and sign a waiver for workers' compensation. The Volunteer Application and Lopatcong Township Board of Education – Agreement and Release must be completed and signed by a volunteer for each new school year. Volunteers may be required to complete a training program, as specified by the Superintendent, on Harassment, Intimidation and Bullying.

The Superintendent or a Building Principal may temporarily suspend or permanently revoke volunteer privileges for an individual that fails to adhere to the rules of conduct. In addition, a volunteer who is being disruptive, in the sole opinion of an administrator, may be asked to leave the school immediately.

All prospective volunteers are required to submit the current school year Volunteer Application form by October 31<sup>st</sup> to volunteer for the current school year. Submitting the application form will not obligate an individual to volunteer and it does not guarantee selection for any specific volunteer assignment. Parents will be encouraged to sign a statement at the beginning of each school year stating they understand that if they do not fill out the form by October 31<sup>st</sup>, they will not be able to volunteer for any events during the school year. The only exception is for parents of new students to the school district who must submit their Volunteer Application form no later than ninety (90) calendar days from the date their child began attending this school district.

The Superintendent will submit a list of volunteers who have completed the Volunteer Application, the Lopatcong Township Board of Education - Agreement and Release, and the specified Harassment, Intimidation and Bullying training to the Board for its approval at its October and/or November meeting each year. No volunteer can serve in the schools without Board approval.

### **9190 – Community Organizations**

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

The Superintendent shall direct each Building Principal to establish and maintain a file of community resources and invite the appropriate participation of community organizations and resource persons in the instructional program. The Superintendent shall determine those schools, instructional programs, and/or district operations that would profit by the involvement of community resources.

Adopted: August 18, 2009

### **R9190 – Community Organizations**

The Superintendent directs each Building Principal to:

1. Establish and maintain a file of community resources.
2. Recommend which instructional program and/or district operations would profit by the involvement of community resources personnel.

Adopted: August 18, 2009

### **9191 – Support Groups**

The Board of Education appreciates the efforts of groups of parent(s) or legal guardian(s) and other concerned citizens who form or belong to clubs or groups, which contribute funds or equipment for district-approved pupil activities, or for recognition of pupil achievement.

The Superintendent shall formulate procedures, as necessary, for review of the proposed use of such funds. Proposed equipment must be approved for safety in the same manner in which district-purchased equipment is reviewed.

Fund-raising events organized by such clubs for approved programs or equipment shall qualify for free use of school facilities, and shall be considered as district-sponsored events in determining priority of claim for use of school facilities. Each club or organization shall be responsible for providing appropriate liability insurance for the use of school facilities. Proof of such insurance must be presented to the School Business Administrator/Board Secretary or designee for approval.

All activities for booster clubs or community organizations shall be coordinated with the designated administrator and any activity involving pupils shall require Board of Education approval unless it is otherwise provided for in policy/regulation or it is an ongoing type of activity and has had previous approval. All financial arrangements for such groups shall be handled according to their own bylaws.

Adopted: August 18, 2009

### **9200 – Cooperation Between Parents and School**

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of pupils. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of pupils who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those pupils having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of pupils and parent(s) or legal guardian(s), and are of general interest to the schools or community.

Adopted: August 18, 2009

### **9210 – Parent Organizations**

The Board will encourage the work of a general, voluntary, school-connected organization of parent(s) or legal guardian(s), school staff, and friends of the school in each school. Such organizations may not establish educational policy, participate in the administration of the school, or authorize management and direction of school affairs.

Such organizations shall have as their objectives the promotion of pupil welfare; the development of close relationships between the home and the school; and the development between educators and the public of such united efforts as will secure for every pupil in the schools the best kind of educational program possible.

Organizations shall not use the district's name in their titles without the Board's express consent. Such permission to use the district's name does not constitute permission to act as the district's representative.

The Board shall make it a practice not to interfere in the internal workings of such groups.

Permission to hold regular meetings of such organizations in school facilities will be extended by the Board of Education for a particular school year, in accordance with policy.

The school Building Principal or another professional staff member designated by the Building Principal may serve as advisor to the general parent/teacher organization. All members of the professional staff shall be encouraged to join the organization and to participate in its activities.

Adopted: August 18, 2009

### **9230 – Parental Responsibilities**

The Board believes that the education of children is a joint responsibility, one it shares with the parent(s) or legal guardian(s) and school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

The Board recognizes the vital role of parent(s) or legal guardian(s) in the welfare and education of their children and the pivotal part they play in shaping character and values. Because parent(s) or legal guardian(s) are familiar with the needs, problems, gifts, and abilities of their children, staff should seek to involve parent(s) or legal guardian(s), when appropriate, in the planning of academic programs. Parent(s) or legal guardian(s) must, by law, be included in the development of certain educational programs for their children.

Parent(s) or legal guardian(s) are requested to keep the school apprised of changes in factors in the home situation, which may affect pupil conduct or performance. Parent(s) or legal guardian(s) are specifically requested to inform the school of any changes in legal custody of the child.

Parent(s) or legal guardian(s) are responsible for their child's punctuality, attendance, cleanliness, and propriety of dress.

The Superintendent shall develop procedures to implement this Policy.

Adopted: August 18, 2009

### **9240 – Rights of Parents**

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a pupil enrolled in this district possesses full parental rights of access to the pupil and to information about the pupil, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. It is the custodial parent's responsibility to notify the school district in writing of any such court action. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this Policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

### **9242 – Use of Electronic Signatures**

The New Jersey Uniform Electronic Transactions Act (UETA) authorizes a Board of Education to use electronic forms, filings, and signatures to conduct official business with the public. The use of electronic forms, filings, and signatures may save school district resources and will provide a convenient and cost-efficient option for parents to receive, review, and acknowledge receipt of information from the school district. Therefore, the Board of Education authorizes the use of electronic forms, filings, and signatures in communications between the school district and parents pursuant to the UETA.

For the purposes of this Policy, “electronic” means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

For the purposes of this Policy, “electronic record” means a record created, generated, sent, communicated, received, or stored by electronic means.

For the purposes of this Policy, “electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

For the purposes of this Policy, “information processing system” means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

The school district may electronically send documents to parents of students enrolled in the school district. These documents may include, but are not limited to: informational notices; school or school related events or activities; periodic updates on a student’s progress; school district forms; requests for information; and any other communications between the school district and home. Some documents electronically sent to parents may require the parent to: acknowledge receipt of a document; provide parental consent for such matters as student compliance with the district’s acceptable use of school district computers and administration of surveys; and/or acknowledge receipt and acceptance of terms of a Board of Education policy, regulation, or practice. Any document sent to parents of students enrolled in the school district must be capable of retention by the recipient. To be capable of retention, the recipient at the time of receipt, must be able to retain and accurately reproduce the document for later reference by all persons who are entitled to retain the record. A record is not capable of retention by the recipient if the sender of its information processing system inhibits the ability of the recipient to print or store the electronic record.

The Board of Education authorizes documents may be electronically sent to parents of students enrolled in the school district only with the approval of the Superintendent of Schools. The Superintendent will establish an information processing system to include a process for parents to electronically send, sign, and return documents to the school district. The school district will make accommodations for a parent who is unable or unwilling to conduct business electronically. In addition, a parent may refuse to conduct business electronically for any reason and at any time. In this event, the school district will make available a hard copy of the document(s) to the parent to review, maintain, and any document(s)

requiring signatures to be returned to the district. The Superintendent will only implement an information processing system in accordance with the provisions of the UETA.

Documents that are electronically signed and returned to the school district may be maintained by the school district in electronic or non-electronic form. Documents returned to the district that are not electronically signed will be maintained by the district in non-electronic form. However, nothing will prevent the school district from converting a non-electronic document to an electronic document and for such document to be stored in electronic form. All electronic or non-electronic documents returned to the school district will be maintained by the school district in accordance with the New Jersey Department of the Treasury - Records Management Services - Records Retention Schedules and in accordance with N.J.S.A. 12A:12-12.

### **9260 – Parental Liability for Vandalism**

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of pupils and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board will seek restitution from the parent(s) or legal guardian(s). The Board may bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage, plus costs and legal fees.

### **9270 – Home Schooling and Equivalent Education Outside the Schools (M)**

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, legal guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the pupil's home rather than the school.

The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws. However, the parent, legal guardian, or other person having custody and control of a school-aged child is not required to notify the Superintendent. In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25.

The parent, legal guardian, or other person having custody and control of a child between the ages of six (6) and eighteen (18), who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer pupil, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home-schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of pupils enrolled in the school district unless an

entitlement or privilege is specifically provided in Board Policy or required by Federal law, State statute or administrative code. The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and [Board Policy and Regulation #8310 – School Organization](#).

### **R9270 – Home Schooling and Equivalent Education Outside the Schools (M)**

Home schooling is an educational program provided at home, usually by the parent, legal guardian, or other person having custody and control of the child. Children are taught using their own curriculum or published home school curriculum. The Board of Education recognizes that home schooling is an option under the compulsory education law.

For the purposes of this Regulation, “parent” shall mean parent, legal guardian, or an other person having custody and control of a child between the ages of six and sixteen.

#### **A. Legal Requirement for Compulsory Attendance**

1. N.J.S.A. 18A:38-25 requires all children between the ages of six (6) and eighteen (18) years to attend the public schools or a day school in which there is given instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
2. The parent, legal guardian, or other person having custody or control of a child that is home schooled is responsible to ensure their child receives instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
3. The New Jersey Department of Education encourages a parent, legal guardian, or other person having custody or control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.
4. In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person having custody or control confirming the child is receiving equivalent instruction elsewhere than at school.
5. If the Superintendent makes a request, the parent of a pupil receiving instruction elsewhere other than school may, but is not required to, notify the Superintendent of their child’s educational program status.
6. The Superintendent may, but is not required to, report to the appropriate municipal authorities those children whom he/she has reason to believe are not offered instruction outside the schools equivalent to that offered in the public schools for children of similar ages or attainments.
7. A parent of a home-schooled child is not required to seek approval from the district or to submit materials to the Superintendent in order to permit it to make a determination as to the equivalency of the instruction.

### B. Truancy/Violations of Compelling Attendance

1. When a Superintendent and Board believe a person is not complying with the compulsory education law (N.J.S.A. 18A:38-25 et seq.) they must initiate truancy proceedings in municipal court where a parent may be found guilty of a disorderly persons offense and fined in accordance with N.J.S.A. 18A:38-27 and N.J.S.A. 18A:38-31.
2. If the parent is challenged in court by the Superintendent or Board, the district must demonstrate the child is not receiving an education in accordance with N.J.S.A. 18A:38-25.

### C. District Requirements for Home Schooled Pupils

1. The Board is not required by law to allow a child educated elsewhere than at school to participate in the regular school curriculum or in extra-curricular activities unless specifically provided in Board Policy, or required by Federal law, or State statute or administrative code.
2. The school district will not loan or provide textbooks and other educational materials to home-schooled children.

### D. Pupils With Disabilities

1. Any written request from a parent of a home schooled child for a special education evaluation of their child will be reviewed in a meeting of the Child Study Team (CST), the parent, and the regular education teacher in accordance with the provisions of N.J.A.C. 6A:14-2.3. At this meeting, the current information about the child shall be reviewed to determine whether an evaluation is warranted.
  - a. If an evaluation is warranted, another determination shall be made regarding the assessment procedures. Written notice of the determinations shall be provided to the parent. Once the assessments are completed, a meeting in accordance with N.J.A.C. 6A:14-2.3 shall be held to determine whether the child is eligible for special education and related services.
  - b. If the child is eligible for special education and related services, the CST will determine a classification category and develop an Individualized Education Program (IEP) in accordance with N.J.A.C. 6A:14-3.7. If the child is eligible for special education and related services, the district shall make a free, appropriate public education available only if the child enrolls in the district.
  - c. The school district will notify the parent of a classified child who is being educated at home to offer services as required by law. The documentation of this notice will be maintained in the child's record file.
  - d. Any determination by the school district CST regarding the provision of a special education program to a classified child who is being educated at home may be challenged by the parent in accordance with the provisions of N.J.A.C. 6A:14 et seq.

### **9280 – Parent Conferences**

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about pupils and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the pupil's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this Policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the pupil. The parent(s) or legal guardian(s) of the pupil may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Building Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the pupil's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

This Policy and Regulation, as adopted by the Board, will be submitted for approval to the Executive County Superintendent in accordance with N.J.A.C. 6A:16-6.2(a)2.

This Policy and Regulation have been developed and approved by the Board to protect the interests of pupils and serve the legitimate needs of law enforcement in accordance with N.J.A.C. 6A:16-6.1 et seq.

### **9324 – Sex Offender Registration and Notification**

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General’s Office and will work cooperatively with the County Prosecutor’s Office and the local police department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan’s Law).

The Megan’s Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

#### **Definitions**

- A. Tier One offenders encompass those that are a “low risk of re-offense”, thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a “moderate risk of re-offense”, thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a “high risk of re-offense” in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor’s Office to be moderate or high in accordance with the law, the County Prosecutor’s Office and/or the appropriate law enforcement office will notify the Superintendent and the Building Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor’s Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender’s name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor’s Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event

the school district is notified a pupil is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

### **R9324 – Sex Offender Registration and Notification**

#### A. Definitions

1. Tier One Offender – An offender that is a “low risk of re-offense”, thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
2. Tier Two Offender – An offender who is a “moderate risk of re-offense”, thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
3. Tier Three Offender – An offender who is a “high risk of re-offense” in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.
4. Likely To Encounter – Law enforcement agencies, community organizations or members of the community who are in a location or in close geographic proximity to a location which the offender visits or can be presumed to visit on a regular basis.
5. Fair Chance to Encounter – The types of interaction which ordinarily occur at that location and other attendant circumstances demonstrate that contact with the offender is reasonably certain.

#### B. Notification To School District From the Law Enforcement Agency/County Prosecutor’s Office

1. The Superintendent and the Building Principal(s) of the targeted schools will be notified by the Prosecutor’s Office, without the need to register to be notified, for all sex offenders classified as Tier Two or Tier Three Offenders. Local law enforcement agencies and/or the County Prosecutor’s Office will determine there is a “fair chance to encounter” the offender in determining community notification. In any event the Superintendent and the Building Principal(s) will be notified for all Tier Two and Tier Three Offenders.
2. The Building Principal(s) are entitled to receive the offender’s name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.
3. The County Prosecutor’s Office determines the specific schools, community organizations and residences to receive notification.
4. The County Prosecutor’s Office and/or the appropriate law enforcement office will notify the Superintendent and the Building Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor’s Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted.

- C. School District Procedure Upon Notification From the Law Enforcement Agency/County Prosecutor's Office
1. The Building Principal(s) will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Building Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Building Principal will take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist staff members in the protection of their charges, not to provide notification to the community at large.
  2. The Building Principal, in conjunction with the appropriate law enforcement agency and the County Prosecutor's Office will provide information, along with appropriate advice regarding the safeguarding of the school's children.
  3. All school district staff are prohibited from releasing any of this information to the public at large. All inquiries from community members, non-affected school staff, all parent(s) or legal guardian(s) and other members of the general public shall be directed to the appropriate law enforcement agency and/or the County Prosecutor's Office.

In order to maintain cordial and constructive relationships with nonpublic schools, the Superintendent shall maintain liaison with the administration of all nonpublic schools located within this school district in order to be aware of any program changes that may be planned that could affect this district; determine how this district can advance the education of resident pupils attending parochial or private schools by the provision in these schools of special programs; and cooperate fully in the implementation of all state and federal programs administered by this district that benefit, in whole or in part, eligible pupils attending such nonpublic school.

schools.” The donation of moneys to any private organization, regardless of the merits of that organization’s purposes, is not within the authority of the Board and is, therefore, prohibited.
