8130 – School Organization

The Board of Education directs the organization of the instructional program of this district in the following schools and grades:

Schools

Lopatcong Township Elementary School

Lopatcong Township Middle School

Grades

Pre-Kindergarten through 4

5 through 8

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of pupils, make most effective use of district resources, and serve the educational goals of the Board.

Adopted: August 18, 2009

8140 – Pupil Enrollment Accounting (M)

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of pupils resident in this district and enrolled in district classes and programs.

Pupil attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for pupils attending preschool, Kindergarten, grades one through four, grades five through eight, each preschool class for the disabled, each class for the disabled, shared-time classes for regular pupils, shared-time classes for pupils with disabilities, full-time bilingual education programs and vocational day programs, summer schools operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A pupil who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the pupil is enrolled. For the period beginning the first day the pupil is unable to attend school and ending the day before the first instructional day at the pupil's place of confinement, the pupil shall be marked absent. No absences will be recorded for the pupil while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a pupil on home instruction shall be the same as for other pupils in the program in which the pupil is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and federal aid.

The Superintendent or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

R8140 – Enrollment Accounting (M)

A. School Enrollment

1. The enrollment in a class, a school, or the district shall be the total number of original entries plus the number of re-entries, less the number of transfers, withdrawals or dropouts in any such unit during a school year. The total number of original entries and re-entries, less the number of transfers, withdrawals or dropouts, in all the classes and schools of the district shall constitute the school enrollment for the school district during any school year.
2. No pupil attending a school operated by this district shall be enrolled in more than one school register in the school district during a school year. All pupils shall be enrolled as of the first day of attendance for that year.
3. No pupil shall be enrolled in a school register until the pupil has reached the following legal school age:
4. Kindergarten – more than five years as of October 1;
5. Day school – more than six years as of October 1; or
6. Preschool disabled – more than three years and less than five years.
7. Within ten days of the start of the school year, the district shall determine whether any re-entering pupil who has not attended school that year has an excused absence or has transferred, withdrawn, or dropped out of the school district.
8. Any pupil enrolled in a school register in a school district who moves to another school district in the same school year shall be enrolled in one register in the new school district upon entering school in that school district.
9. The average daily enrollment in the district for a school year shall be the sum of the days present and absent of all enrolled pupils when schools were in session during the year, divided by the number of days schools were actually in session. The average daily enrollment for the classes or schools of the district having varying lengths of terms shall be the sum of the average daily enrollments obtained for the individual classes or schools.
10. The average daily attendance in the district for a school year shall be the sum of the days present of all enrolled pupils when schools were in session during the year, divided by the number of days schools were actually in session. The average daily attendance for the classes or schools of the district having varying lengths of terms shall be the sum of the average daily attendance obtained for the individual classes or schools.

B. Application for State School Aid

Pursuant to the requirements of N.J.S.A. 18A:7F-33, the district shall file with the Commissioner of Education an Application for State School Aid in accordance with the following procedures:

1. Counting Procedure

- a. Each employee responsible for the maintenance and safe keeping of a school register (and whose name appears on the cover of the register) shall conduct a count of the pupils entered in the register on the last school day prior to October 16.
 - b. The count shall include all pupils who have attended school since the beginning of the school year, by original entry or reentry, and shall exclude all pupils who have been removed from the register by transfer or dropout.
 - c. The count shall be recorded on a form, and the form shall be submitted to the School Business Administrator/Board Secretary no later than October 16.
2. Data Collection
- a. The School Business Administrator/Board Secretary shall assign responsibility for the preparation of worksheets to document the compilation of register data.
 - b. Completed worksheets shall be submitted to the School Business Administrator/Board Secretary who shall compare the data submitted on the worksheets to the register count submitted in accordance with B.1.a.
 - c. The School Business Administrator/Board Secretary shall reconcile all inconsistencies between worksheet data and register counts and submit final enrollment counts to the County Department of Education no later than required by law.
3. Application Submission
- The School Business Administrator/Board Secretary shall complete the Application for State School Aid and submit the application to the Superintendent for approval.

Adopted: August 18, 2009

8210 – School Year

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction. Days on which school is closed for holidays, teachers' in-services, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse pupils for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall, in consultation with the administration, the local association, the Phillipsburg Cluster Schools, annually prepare and submit to the Board a school calendar no later than May 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the pupils of this district.

8220 – School Day

The handling of unexpected school closing requires the implementation of precise sequential steps in a closely coordinated routine by the administration and staff.

In the event of such an emergency, the administration shall initiate the following procedure:

1. Take whatever steps are necessary and prudent to handle the emergency if time is of the essence and action is needed immediately, then contact the President of the Board as soon as possible after the decision is made.
2. If time is not crucial, the Superintendent or his/her designee shall confer with the Board President before action is taken.
3. If school closing because of inclement weather is being considered, the Superintendent will at his/her discretion close school early if in session, call school off completely, or open school with a delay. (Note: a school day is four instructional hours without lunch; four and one-half hours with lunch) Whenever possible, school closings, delayed openings, and early dismissals will be coordinated with the Phillipsburg Cluster Schools.
4. As soon as a decision is effected, the local media, school staff, and parent(s) or legal guardian(s) shall be notified as expediently as possible.
5. First snow days built into the calendar and then non-state mandated holidays on the school calendar shall be considered as make-up days, if the total number of pupil days on the school calendar falls below one hundred eighty.

Parent(s) or legal guardian(s) will be informed of changes in the school calendar as they occur.

R8220 – School Closings

The following procedures will govern the unscheduled closing of school for the entire school day, the delayed opening of school, and the early closing of school. No single set of rules can anticipate the problems that may be encountered when schools must be closed, and Building Principals may be required to exercise independent judgment in individual circumstances. Any consequent deviation from these rules should be reported promptly to the Superintendent.

A. Notification Provisions

1. Emergency Closing of School

An Instant Alert System will be used to notify all parent(s) or legal guardian(s) with regard to emergency closings and important announcements (parent(s) or legal guardian(s) must make sure they are registered). Additionally, all school closings, delayed openings, and early dismissals will be announced over radio stations:

WEST (1400 AM)

WAEB-FM (B104)

WODE-FM (99.9)

WCTO CAT COUNTRY 96 (96.1)

WEEX (1230 AM)

TV Station WFMZ (Channel 69)

In the event of a delayed opening of school due to an emergency, the morning Kindergarten and Preschool will also be delayed and the afternoon sessions will report at their regular times. Lunch will be served on the days of delayed openings. In the event of an emergency early dismissal, arrangements should be made with a neighbor or relative, so a child will know where to go when dismissed. Due to the high volume of calls received on these emergency days, it is impossible to deliver every message that comes into the office for more than nine hundred pupils enrolled during an emergency closing. Younger pupils seem to be less upset when they know well in advance what to do when these emergency days occur.

B. Delayed Opening

1. When circumstances are such as to require the late opening of school, the school day will ordinarily be delayed by ninety minutes for the Elementary School and one hundred minutes for the Middle School. All beginning schedules will be in effect, modified only by the delay.
2. The decision to delay the opening of school will be made as soon as practicable. Notice of the delayed opening will be given using the Instant Alert System.
3. Unless the Superintendent determines otherwise, custodial personnel are expected to report to work on time.
4. If weather conditions deteriorate after a delayed opening has been announced, the Superintendent may decide to close schools for the day. This decision will be made as soon as

practicable. Notice of the closing of schools for the day will be given using the Instant Alert System.

5. The Building Principal of each school will modify the school's schedule to accommodate the shorter day. Morning schedules may be canceled. After-school events may be canceled.
6. Lunch will be served as usual, but may be delayed.

C. Early Dismissal

1. Building Principals in the affected schools will promptly notify all staff members of the early closing, using appropriate building procedures.
2. Parent(s) or legal guardian(s) will be notified by the emergency Instant Alert System.
3. Buses may be loaded as soon as they arrive at the school and may depart as soon as all pupils assigned to the bus have boarded.
4. A parent(s) or legal guardian(s) may come to the school and sign out his/her child at any time after the decision to close early has been made. Any removal of a child must be in strict accordance with Board Policy #5230 – Late Arrival and Early Dismissal regarding the person(s) to whom a child may be released.
5. The Building Principal will designate a safe and secure location in the school building to which may be assigned pupils whose parent or temporary caretaker could not be reached by telephone or other means.
 - a. A teaching staff member will be assigned to supervise the pupils who remain in the school.
 - b. Pupils who have remained in the school will be released at the time school regularly closes, by whatever means of transportation they would have taken were the school not closed early.
 - c. The Building Principal may arrange for transportation for pupils retained at the school.

Adopted: August 18, 2009

8310 – Public Records

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the district.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this Policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the district and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any

person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys and other examination data pertaining to the administration of the examination for employment or academic examination; information concerning individual pupil records; grievance or disciplinary proceedings against a pupil to the extent disclosure would reveal the identity of the pupil and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation in Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.

If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this Policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the district. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the custodian. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11. Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

The provisions of this Policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any federal law; federal regulation; or federal order.

The provisions of this Policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

C. Records of Investigation In Progress (N.J.S.A. 47:1A-3)

1. Notwithstanding the provisions of N.J.S.A 47:1A:1 et seq., where it appears the record or records which are sought to be inspected, copied, or examined shall pertain to an investigation in progress by the Board and/or administration:
 - a. The right to inspection, copying and/or examination may be denied if the inspection, copying or publication of such record or records will be inimical/detrimental to the public interest. This provision will not be construed to prohibit the Board and/or custodian from opening such record or records if not otherwise prohibited by law or to prohibit access to a record that was open for public inspection, examination, or copying before the investigation commenced; and
 - b. If the Board, during the course of an investigation, obtains from another public agency a government record that was open for public inspection, examination or copying before the investigation commenced, the Board will provide the other agency with sufficient access to the record to allow the other agency to comply with requests made pursuant to N.J.S.A. 47:1A-1 et seq.
2. Notwithstanding the provisions of N.J.S.A. 47:1A-1 et seq., the information concerning a criminal investigation will be available to the public in accordance with N.J.S.A. 47:1A-3.b.

D. Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

1. The custodian will permit the government record to be inspected, examined, and copied by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-5.a.
2. Prior to allowing access to any government record, the custodian will redact from that record any information which discloses the social security number, credit card number, unlisted telephone number, or driver license number of any person, except:
 - a. If the record is being used by any government agency, including any court or law enforcement agency, in carrying out its functions, or any private person or entity acting on behalf thereof, or any private person or entity seeking to enforce payment of court-ordered child support;
 - b. With respect to the disclosure of driver information by the Division of Motor Vehicles as permitted by section 2 of P.L.1997, c. 188 (C.39:2-3.4);
 - c. That a social security number contained in a record required by law to be made, maintained or kept on file by a public agency shall be disclosed when access to the

document or disclosure of that information is not otherwise prohibited by State or federal law, regulation or order or by State statute, resolution of either or both houses of the Legislature, Executive Order of the Governor, rule of court or regulation promulgated under the authority of any statute or executive order of the Governor; and

- d. Where an agency can demonstrate an emergent need, a regulation that limits access to government records shall not be retroactive in effect or applied to deny a request for access to a government record that is pending before the agency, the council or a court at the time of the adoption of the regulation.

E. Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

1. The custodian shall charge the requestor a fee for a copy or copies of a government record in accordance with the provisions of N.J.S.A. 47:1A-5.b. Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger.
 - a. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the school district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c. and E.2. below.
 - b. The calculation of actual costs shall be as follows:
 - (1) The custodian should contact the school district's supplier(s) to determine the cost of paper and toner. A supplier is wherever the district obtains copying materials such as paper and toner.
 - (2) The custodian should calculate or contact the copying company to determine the school district's annual school year copying volume. This volume shall not only include copies pertaining to OPRA requests, but shall include all copying on all copy machines in the district for all purposes.
 - (3) The custodian should contact the copying company to determine the average paper life of one toner/ink cartridge (i.e. how many pieces of paper the ink or toner should be able to copy).
 - (4) The custodian shall maintain documentation of all information provided by the copying company or office supplier (i.e. contracts or correspondence from purchasing agent or copying company) regarding this calculation.
 - (5) The actual calculation is the total cost of paper purchased for one school year plus the total cost of toner purchased for one school year divided by the annual copying volume. This calculation can be averaged for all copy machines in the district that produce letter and legal copies.
 - (6) Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately.

- c. If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. and E.1. above, the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.
 - d. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.
2. Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this Regulation is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.
3. A custodian shall permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium.
4. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.
5. Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.
6. The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the public agency. The form will provide:
 - a. Space for the name, address, and phone number of the requestor and a brief description of the government record sought;
 - b. Space for the custodian to indicate which record will be made available, when the record will be available, and the fees to be charged;
 - c. Specific directions and procedures for requesting a record;
 - d. A statement as to whether prepayment of fees or a deposit is required;
 - e. The time period within which the school district is required by N.J.S.A. 47:1A-1 et seq. to make the record available;

- f. A statement of the requestor's right to challenge a decision to deny access and the procedure for filing an appeal;
 - g. Space for the custodian to list reasons if a request is denied in whole or in part;
 - h. Space for the requestor to sign and date the form; and
 - i. Space for the custodian to sign and date the form if the request is fulfilled or denied.
7. The custodian will require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the information thus requested will cost in excess of \$5.00 to reproduce.
8. Request for access to a government record shall be in writing and hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian.
9. The custodian will promptly comply with a request to inspect, examine, copy, or provide a copy of a government record.
10. If the custodian is unable to comply with a request for access, the custodian will indicate the specific basis therefore on the request form and promptly return it to the requestor.
11. The custodian will sign and date the form and provide the requestor with a copy thereof.
12. If the custodian asserts that part of a particular record is exempt from public access pursuant to N.J.S.A. 47:1A-1 et seq. the custodian will delete or excise from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record.
13. If the government record requested is temporarily unavailable because it is in use or in storage, the custodian will advise the requestor and will make arrangements to promptly make available a copy of the record.
14. If a request for access to a government record would substantially disrupt school district operations, the custodian may deny access to the record after attempting to reach a reasonable solution with the requestor that accommodates the interests of the requestor and the district.
15. Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.
16. Unless a shorter time period is otherwise provided by statute, regulation, or executive order, the custodian will grant access to a government record or deny a request for access to a government record as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.
 - a. In the event the custodian fails to respond within seven business days after receiving a request, the failure to respond will be deemed a denial of the request, unless the requestor has elected not to provide a name, address or telephone number, or other means of contacting the requestor.

- b. If the requestor has elected not to provide a name, address, or telephone number, or other means of contacting the requestor, the custodian will not be required to respond until the requestor reappears before the custodian seeking a response to the original request.
- c. If the government record is in storage or archived, the requestor will be so advised within seven business days after the custodian receives the request. The requestor will be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied.

17. A custodian will post prominently in public view in the part or parts of the office or offices of the custodian that are open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

F. Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

- 1. A person who is denied access to a government record by the custodian, at the option of the requestor, may:
 - a. Institute a proceeding to challenge the custodian's decision by filing an action in Superior Court; or
 - b. In lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to section 8 of P.L.2001, c. 404 (C.47:1A-7).
- 2. The right to institute any proceeding under N.J.S.A 47:1A-6 will be solely that of the requestor. Any such proceeding shall proceed in a summary or expedited manner. The Board will have the burden of proving that the denial of access is authorized by law. If it is determined that access has been improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee.

G. Government Records Council (N.J.S.A. 47:1A-7)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

H. Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

I. Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

- 1. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public record or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of

the Governor; Executive Order of the Governor; Rules of Court; any federal law; federal regulation; or federal order.

2. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public record or government record.

8311 – Managing Electronic Mail

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey’s Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must

be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 – Personnel Records

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with federal, state, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

Records maintained in the personnel files of this district are not public records and are not open to inspection except as provided for in this Policy. Board minutes and other public records of this district and any computerized files maintained by this district may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the district and in military service, the date and reason for separation from service in this district, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance

record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 – Student Records (M)

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent will prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board of Education will compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records will contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district will provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies will be made available upon request. The school district will make every effort to notify parents and adult students in their dominant language.

To exclude any information from the school contact directory for official use, the parent, adult student, or emancipated minor will notify the Superintendent (or designee) in writing.

Mandated and Permitted Student Records

Maintenance and Security of Student Records

The Superintendent (or designee) will be responsible for the security of student records maintained in the school district. This Policy and Regulation assure that access to such records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures will be administered.

Student health records, whether stored on paper or electronically, will be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record will be removed from the student's health record and placed in the student's mandated record. Records will be accessible during the hours in which the school program is in operation.

Any school district internet website will not disclose any personally identifiable information about a student without prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 will have access to student records, including student health records. Access to student records will be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten (10) calendar days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The school district will control access to, disclosure of, and communication regarding information contained in student health records to assure access only to persons permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The school district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student's health record will meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 will have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in this Policy and Regulation #8330 – Student Records will be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals will adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student will follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities will be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student will be permitted to place in the student record a statement commenting on the information in the student's record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements will be maintained as part of the student's record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information will also be disclosed to that party.

Retention and Disposal of Student Records

A student's record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district will retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student will be notified in writing that a copy of the entire student's record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition will be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions will be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district will keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

R8330 – Student Records (M)

A. Definitions (N.J.A.C. 6A:32-2.1)

1. “Access” means the right to view, make notes, and/or reproduce a student record.
2. “Adult student” means a person who is at least eighteen years of age, or is attending an institution of postsecondary education, or is an emancipated minor.
3. “Mandated student records” means student records that school districts compile pursuant to State statute, regulation, or authorized administrative directive.
4. “Parent(s)” is defined in the Introduction to the Board’s Policy Manual.
5. “Permitted student records” means records that the Board of Education has authorized, by resolution adopted at a regular public meeting, to be collected to promote the educational welfare of students.
6. “Student record” means information related to an individual student gathered within or outside the school district and maintained within the school district regardless of the physical form in which it is maintained. Essential in this definition is the idea that any information that is maintained for the purpose of second party review is considered a student record. Therefore, information recorded by certified school personnel solely as a memory aid and not for the use of a second party, is excluded from this definition.
7. “Student information directory” means a publication of the Board of Education that includes information relating to a student. It will be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. The information will be the student’s name; grade level; date and place of birth; dates of attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information.

B. General Considerations (N.J.A.C. 6A:32-7.1)

1. The Board of Education will compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1. et seq.
2. Student records will contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record.
3. The school district will provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State

and Federal laws and local policies will be made available upon request. The school district will make every effort to notify parents and adult students in their dominant language.

4. A non-adult student may assert rights of access only through his or her parents. However, nothing in N.J.A.C. 6A:32-7 et seq. or in this Regulation or Board Policy #8330 – Student Records will be construed to prohibit certified school personnel from disclosing at their discretion student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.
5. The parent or adult student will have access to their own records and have access to or be specifically informed about only that portion of another student’s record that contains information about his or her own child or himself or herself.
6. The Superintendent (or designee) will require all permitted student records of currently enrolled students to be reviewed annually by certified school personnel to determine the education relevance of the material contained therein. The reviewer will cause data no longer descriptive of the student or educational program to be deleted from the records except that prior notice will be given for classified students in accordance with N.J.A.C. 6A:14, Special Education. Such information will be disposed of and not be recorded elsewhere. No record of any such deletion will be made.
7. No liability will be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.
8. When the parent’s or adult student’s dominant language is not English or the parent or adult student is deaf, the school district will provide interpretation of the student’s records in the dominant language of the parents or adult student.
9. Student health records will be maintained separately from other student records and handled, according to the requirements of N.J.A.C. 6A:32-7.1 et seq., until such time as graduation or termination whereupon the health history and immunization record will be removed from the student’s health record and placed in the student’s mandated record.

 - b. Upon request from a court, other judicial agency, law enforcement agency, or medical service provider who is currently providing services to the student in question, school personnel will promptly verify the enrollment of a student and provide the requester with

all the information about that student that is contained in the school contact directory for official use.

8335 – Family Educational Rights and Privacy Act

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult pupils certain rights with respect to the pupil's education records. FERPA requires the district to provide parents and adult pupils the right to inspect and review the pupil's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the pupil's education records the parent or adult pupil believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the pupil's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of pupil records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult pupil's consent to officials of another school district in which a pupil seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult pupil of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult pupil has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education [Board Policy and Regulation #8330 – Pupil Records](#) ensures parents and adult pupils are afforded certain rights with respect to the pupil's education records as required by FERPA.

8350 – Records Retention

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records will be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and will not be disposed until approval for such disposal is obtained from Records Management Services.

All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1 by November 1, 2010. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration to a fire drill. Schools are required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. The Building Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Building

Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe at least four different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30th of each school year. 2. If it is determined the building is not safe to re-enter, the Building Principal or designee will notify school officials of the situation at the evacuation assembly locations. If it is determined pupils will be released for the day, the Building Principal or designee, in consultation with the Superintendent, will coordinate pupil dismissal procedures from the evacuation assembly areas and family notification and reunification protocols.

 - e. Close all doors to the room when the room is empty and keep all doors and exits of their respective rooms unlocked during the school hours, except during an emergency lockdown or an emergency lockdown drill;
 - f. Ensure that the pupils assigned to him/her class have left the school along the route prescribed in the school evacuation plan and, in the event a school building has been provided with fire escapes, they shall be used by a part or all of the pupils performing every fire drill;

9. Each Building Principal shall report monthly to the Superintendent on the conduct of fire drills. His/her report will include the date, weather conditions, and time to evacuate for each drill conducted, as well as any comments that could assist in improving the conduct of future drills.
10. Every fire drill will be conducted with seriousness and with the assumption that prompt evacuation is actually required for the safety and survival of persons in the school.
11. Building Principals are encouraged to change the circumstances of fire drills so that staff members and pupils are subjected to various conditions and learn to respond to them quickly, constructively, and safely. Any such variations should take into account the ages and abilities of children.
 - a. One or more exits may be designated as “blocked” so that pupils are required to use alternative evacuation routes.

An active shooter or armed assault in a school building or on school grounds involves one or more individuals' intent on causing physical harm to pupils and school staff. Intruders may possess weapons or other harmful devices. In an active shooter situation, one or more subjects who are believed to be armed has used or threatened to use a weapon to inflict serious bodily injury to another person and/or continues to do so while having unrestricted access to additional victims, their actions have demonstrated their intent to continuously harm others, and their overriding objective appears to be that of mass injury.

A. Procedures in the Event of an Active Shooter in the School or on School Grounds

1. If the Building Principal or designee determines there is an active shooter in the school or on school grounds he/she will immediately:
 - a. Order a lockdown of the school building. The notification may be a public address announcement or may be a discreet notification depending on the circumstance or situation;

 - c. Inform the Superintendent;
 - d. Deactivate fire alarm pull stations without disengaging the fire sensors, if feasible, until law enforcement officials arrive on scene;

 - i. Ignore bells or alarms unless otherwise notified by the Building Principal or designee or law enforcement officials.

 9. The school may establish a predetermined code word or procedure for a staff member to communicate with the school office or administrative staff in the event an intruder enters a classroom or other secured area.

10. The Building Principal or designee may establish with local law enforcement officials a notification procedure in the event an active shooter or intruder is believed to be in the school building. The notification procedure would alert law enforcement officials if a classroom or other secured area is safe and secure or if emergency assistance is needed. 8431 – Preparedness for Toxic Hazard

The Board of Education is concerned for the safety of the pupils and staff members assigned to district schools and will take reasonable steps to protect pupils and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event pupils and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Building Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this Policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

8453 – HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). “AIDS” means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. “HIV infection” means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, pupil or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Pupils infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a pupil not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

No pupil, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected pupil or employee is present. School employee physicals, pupil physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual’s infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to pupil physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a pupil or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a pupil as having an HIV infection or AIDS shall be shared only with prior written informed consent of the pupil age twelve or greater, or of the pupil’s parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the pupil. The person who receives such information shall not reveal it to any

other person without the express written consent of the minor pupil's parent(s) or legal guardian(s), or the adult pupil.

The Board shall annually provide pupils, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

The Board provides this Policy for its employees, volunteers, or interns for the early detection of missing, abused, or neglected children through notification of, reporting to, and cooperation with the appropriate law enforcement and child welfare authorities pursuant to N.J.S.A. 18A:36-24 and 18A:36-25 et seq., and N.J.A.C. 6A:16-11.1, N.J.S.A. 9:6-8.10.

Notice to the Building Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his/her employment.

Notification to appropriate law enforcement authorities will be made for all reports by employees, volunteers, or interns working in the school district. 8465 – Hate Crimes and Bias-Related Acts (M)

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Hate crimes and bias-related acts involving pupils can lead to further violence and retaliation. Hate crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. The school district employees will work closely with local law enforcement and the county prosecutor’s office to report or eliminate the commission of hate crimes and bias-related acts.

Definitions

A “hate crime” is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, disability, religion, sexual orientation, or ethnicity.

A “bias-related act” is an act directed at a person, group of persons, private property, or public property that is motivated in whole or part by racial, gender, disability, religion or sexual orientation, or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

Required Actions

Whenever any school employee in the course of his/her employment develops reason to believe that (1) a hate crime has been committed or is about to be committed on school property, or has been or is about to be committed by any pupil, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours, or (2) a pupil enrolled in the school has been or is about to become the victim of a hate crime, whether committed on or off school property or during operating school hours, the school employee shall immediately notify the Building Principal and Superintendent, who in turn shall notify the local police department and Bias Investigation Officer for the county prosecutor’s office. The Building Principal shall notify the local police department and the county prosecutor’s office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a pupil or there is otherwise reason to believe that a life has been or will be threatened.

Whenever any school employee in the course of his/her employment has reason to believe that a bias-related act has been committed or is about to be committed on school property, or has been or is about to be committed by any pupil, whether on or off school property and whether or not such bias-related act was or is to be committed during operating school hours, the school employee should immediately notify the Building Principal and Superintendent, who in turn should promptly notify the local police department.

In deciding whether to refer the matter of a bias-related act to the local police department or the county prosecutor’s office, the Building Principal and the Superintendent, should consider the nature and seriousness of the conduct and the risk that the conduct posed to the health, safety and well-being of any pupil, school employee or member of the general public. The Building Principal and

Superintendent should also consider the possibility that the suspected bias-related act could escalate or result in some form of retaliation which might occur within or outside school property.

It is understood a referral to the local police department or county prosecutor's office is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the local police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the local police department or the county prosecutor's office. The school officials, when feasible, will cover or conceal such evidence until the arrival of the local police department or county prosecutor's office.

C. Procedure for Reporting Bias Incidents

1. A school employee should immediately notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
 - a. A bias-related act has been committed or is about to be committed on school property; or
 - b. A bias-related act has been or is about to be committed by any pupil, whether on or off school property and whether or not such bias-related act was or is to be committed during school hours.
2. The Building Principal will notify the Superintendent and the local police department.
3. In deciding whether to refer the matter of a bias-related act to the local police department or the county prosecutor's office, the Building Principal and the Superintendent, should consider:

- a. The nature and seriousness of the conduct; and
 - b. The risk that the conduct posed to the health, safety and well-being of any pupil, school employee or member of the general public.
4. The Building Principal will consult with the Superintendent and should consider:
- a. That the police department or the county prosecutor's office may possess, or have access to, other information that could put the suspected bias-related act in proper context, which could shed light on the motivation for the act or some other unsolved hate crime; and
 - b. The possibility that the suspected incident could escalate or result in some form of retaliation that might occur within or outside school property.

D. Nature of Referral

1. The mandatory referral for suspected or committed hate crimes and the presumptive referral for suspected or committed bias-related acts as described in the regulation is only a request to the law enforcement agencies to conduct an investigation and is nothing more than the transmittal of information which may be pertinent to any such law enforcement investigation.
2. Any referral in accordance with this Regulation is not an accusation or formal charge.
3. Any referral pursuant to this Regulation is predicated on the basis of reasonable suspicion, which is less than probable cause, less than the proof sufficient to sustain an adjudication of delinquency or a finding of guilt in a court of law and less than the proof sufficient to justify the imposition of school discipline.
4. All doubts by school officials should be resolved in favor of referring a matter to the local police department or the county prosecutor's office.

E. Concurrent Jurisdiction

1. Unless the local police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.
2. The school officials will discontinue the in-school investigation if the local police department or the county prosecutor's office believes the school investigation could jeopardize an on-going law enforcement investigation or otherwise endanger the public safety.

F. Preservation of Evidence

1. School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the local police department or the county prosecutor's office.
2. The school officials, when feasible, will cover or conceal such evidence until the arrival of the local police department or county prosecutor's office in a manner designed to minimize the

harm and continued exposure to pupils by such evidence, but that will not permanently damage or destroy such evidence or otherwise limit its utility in an ongoing investigation or prosecution.

3. The local police department and/or the county prosecutor's office will photograph or otherwise document the location and content of any such graffiti or other bias-based evidence as soon as possible, so that the graffiti or other evidence may be removed or eliminated at the school district's earliest opportunity.

(Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Pupils with disabilities violating the provisions of this Policy shall be dealt with in accordance with Board Policy #2460 – Special Education.

Nothing in this Policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of federal or state law to crimes committed by a child with disabilities.

Any pupil requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Board Policy and Regulation #5611 – Removal of Pupils from the General Education Program for Weapons/Firearms Offenses.

8470 – Response to Concerted Job Action

The Board of Education opposes the use of strikes by district employees as a tactic to pressure the Board to make concessions during negotiations or during the term of a collective bargaining contract.

The Board believes that school employee strikes are harmful to the public interest; are coercive in nature; are attempts to achieve immediate material gains for employees by depriving pupils of the education to which they are entitled; and have a long term negative impact on the perception by the pupils of the professionalism and dedication of the district's staff, and on the relations between the Board and the striking employees, and between the administration and the striking employees.

In the event that a strike is under consideration by any district employee organization, all staff are requested not to permit any discussions with pupils regarding a strike to interfere with carrying out their regular teaching responsibilities.

Staff are prohibited from requesting pupils to carry messages, oral or printed, to their parent(s) or legal guardian(s) that promote the position or carry an explanation of any employee organization that is engaged in or contemplating a strike.

It is the intention and resolve of the Board of Education to keep the schools open during any strike in the interests of the pupils and the public, so long as the safety and welfare of the pupils and the security of district property is maintained.

The Superintendent is directed to develop a plan for the safe operation of the district's schools in the event of a strike, and shall annually review and update this plan if needed.

In the event of a strike, including a partial strike, a coordinated, mass use of sick leave, or other concerted refusal by staff to perform their assigned duties, the Superintendent is authorized to take whatever emergency steps are deemed necessary for the safety of pupils, reporting staff, and district property. Such steps shall be reported to the Board of Education as soon as administratively possible.

The Board of Education is committed to protecting the health of the children and adults in school buildings by strengthening the safety of foodservice operations. The School Lunch Program Biosecurity Plan shall be a document that spells out school lunch program policies and procedures that minimize the risk of intentional contamination of food and reduce the risk of illness or death in the school community. The Plan shall describe strategies for preventing threats and incidents of product tampering and food contamination. The Plan shall also include appropriate response actions to be taken should an incident occur. There may be a general Plan for all the schools in the district; however, the Plan will address the specific roles and responsibilities for individual schools or locations where food is served. 8550 – Unpaid Meal Charges/Outstanding Food Charges

The Board of Education understands a student may forget to bring lunch or money to purchase lunch to school on a school day. When this happens, the food service program will provide a student a lunch with an expectation payment will be made the next school day or shortly thereafter. However, there may be circumstances when payment is not made and a student's school lunch bill is in arrears. The school district will manage a student's lunch bill that is in arrears in accordance with the provisions of N.J.S.A. 18A:33-21 and this Policy.

In the event a student's school lunch bill is in arrears in excess of the price of three (3) lunches, the student will continue to receive lunch and their account will be charged accordingly. The Building Principal (or designee) will contact the student's parent to provide notice of the amount in arrears and will provide the parent a period of ten (10) school days to pay the full amount due. If the student's parent does not make full payment to the Building Principal (or designee) by the end of the ten (10) school days, the Building Principal (or designee) will again contact the student's parent to provide a second notice that their child's lunch bill is in arrears. If payment in full is not made within one (1) week from the date of the second notice, the student will not be served school lunch without payment for that day's lunch beginning the eighth (8th) calendar day from the date of the second notice.

A parent who has received a second notice their child's lunch bill is in arrears and who has not made payment in full within one (1) week from the date of the second notice will be requested to meet with the Building Principal (or designee) to discuss and resolve the matter.

A parent's refusal to meet or take other steps to resolve the matter may be indicative of more serious issues in the family or household. In these situations, the Building Principal (or designee) will consult with and seek necessary services from both the County Board of Social Services and the Department of Children and Families, Division of Child Protection and Permanency, as appropriate.

If the student's lunch bill is in arrears, but the student has the money to purchase lunch, the student will be provided lunch and the food service program will not use the student's money to repay previously unpaid charges if the student intended to use the money to purchase that day's meal.

The food service program will prevent the overt identification of children through the method of payment used to purchase a meal and whose lunch bill is in arrears.

In accordance with the provisions of the United States Department of Agriculture, this Policy will be provided in writing to all households at the start of each school year and to households transferring to the school or school district during the school year. The school district may post this Policy on the school or school district's website provided there is a method in place to ensure this Policy reaches all households, particularly those households without access to a computer or the Internet.

This Policy will also be provided to all school and food service staff responsible for the enforcement of this Policy, including school administrators to ensure this Policy is supported.

The food service program will comply with all meal charge policy requirements of the United States and New Jersey Department of Agriculture and N.J.S.A. 18A:33-21.

8600 – Transportation (M)

The Board of Education shall transport eligible students to and from school and school related activities in accordance with N.J.S.A. 18A:39-1 et seq., N.J.A.C. 6A:27-1 et seq. and Board policy. Transportation shall be provided only to eligible public and non-public (and choice or charter, if applicable) school students, authorized school staff members, and adults serving as approved chaperones.

In accordance with New Jersey School Law, the Lopatcong Township Board of Education provides transportation to and from school for students who live more than two miles from school.

Exceptions are:

1. Children with physical disabilities who have been identified through the Lopatcong Township Child Study Team and are recommended for the related service by their IEP.
2. Children who live on or would walk along Route 57 and/or Route 519, which are considered hazardous routes.

The Board reserves the right to make the final determination in situations where there is an absence of a clearly defined point of demarcation relative to the established distances. Questions concerning transportation should be directed to the Transportation Coordinator.

Children must board assigned buses only and should be consistently picked up and dropped off at the same location to eliminate any confusion for the child, driver, and school staff. Students who are not bus riders will not be allowed to ride the bus home to another student's house. Students that are bussed may ride the bus they are assigned to only. They are not allowed to switch buses for any reason. Bus drivers are responsible for the enforcement of all bus safety rules and regulations.

The following guidelines must be followed for all students riding the bus:

1. Arrive at the bus stop five minutes prior to the scheduled pick-up time;
2. Wait on the sidewalk or loading area, not the street;
3. Appropriate behavior is expected at the waiting area;
4. Wait for the bus to stop before advancing to board the bus;
5. No standing while the bus is moving;
6. Keep the aisle of the bus clear;
7. Keep heads, hands, and arms inside the bus at all times;
8. No eating, drinking, or gum chewing is allowed on the bus for safety reasons;
9. Conversations on the bus should not be loud or boisterous; and
10. Obey and cooperate with the bus driver at all times.

If a student's behavior creates a safety hazard on the bus, the student may be denied bus riding privileges. A warning and detention will be issued for infractions before a suspension is issued. In the case of a severe infraction, a bus suspension may be issued immediately.

The Board will transport disabled students in accordance with N.J.S.A. 18A:46-1 et seq. and [Board Policy #8670 – Transportation of Disabled Students](#).

The Board will approve all bus routes by September of each school year. Bus routes for all non-remote students who must walk to and from school along hazardous routes will be designated. The Board will consider, but shall not be limited to, the criteria outlined in N.J.S.A. 18A:39-1.5 in determining "Hazardous Routes."

The Board will not be responsible for the transportation of non-resident students to or from school, except that transportation to and from school will be provided for homeless children for whom the district is determined to be the district of residence and for homeless children enrolled in this district when no district of residence has been determined.

The Board will transport resident children who attend a non-public, choice or charter school in the State of New Jersey not more than twenty miles from their residence, but not a lesser distance from their residence than that required for the transportation of students enrolled in the schools of this district. Pursuant to N.J.A.C. 6A:27-2.2, students living more than twenty miles from their non-public school are eligible for transportation services when other students living within the district, whose residence is less than twenty miles from school, are transported to the same non-public school.

Aid in lieu of transportation may be provided to parent(s) of non-public, choice and charter students pursuant to N.J.S.A. 18A:39-1. When the schools of this district are closed for inclement weather or other conditions, no transportation will be provided for students enrolled in any public, non-public, choice and/or charter school.

When the Board provides transportation of students to and from county vocational schools and/or when the Board has in the prior year provided payments in lieu of transportation for any non-public schools pursuant to N.J.S.A. 18A:39-1 or the Board cannot provide transportation in the ensuing school year the Board will utilize available resources and strategies for providing cooperative transportation services in accordance with N.J.S.A. 18A:39-11.1. The Board will attempt to use one of the agencies prior to determining to pay aid in lieu of transportation if in the prior year payments in lieu of transportation were provided. The Board will provide to the agency, cooperative group or contractor any unique limitations or restrictions of the required transportation.

When the costs to provide transportation in cooperation with the above cited resources is less than the aid in lieu of payments, the Board will contract with said agency, cooperative group or contractor to provide transportation. The Board will make the determination on the manner in which transportation services shall be provided in accordance with N.J.S.A. 18A:39-11.1 and shall notify the non-public school and the parent(s) of the non-public school by August 1 prior to the beginning of the school year.

Transportation in cooperation with available resources will not be required when the district can provide transportation at a lower cost than the said resources or the transportation provided by said

resources does not fall within the policies of the Board regarding length of ride and assignment of students to a route based on student age or classification.

Vehicles used to transport students to and from school or school related activities shall meet standards, registration and inspection requirements of the New Jersey Departments of Education and Transportation. The operation and fiscal management of the district's transportation system shall be conducted in strict accordance with rules of the State Board of Education and the Department of Education Policy and Procedures Manual for Pupil Transportation.

8601 – Pupil Supervision After School Dismissal

The Board of Education adopts this Pupil Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemary Clarke*.

The New Jersey Supreme Court, in *Jerkins*, indicated dangers exist for younger pupils at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of this Policy for the supervision of younger pupils after dismissal. The supervision provisions of this Policy Guide are applicable to parents or legal guardians of pupils attending district-operated schools or programs in grades Pre-K to eight who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a pupil attending a district-operated school or program in grades Pre-K to eight, where the pupil is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not release the pupil to walk home after dismissal unless the pupil is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) may designate up to three escorts. The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Building Principal or designee, or program administrator.

The form shall be made available:

1. In the Main office of the school building or the location of the program.
2. Upon request to the Building Principal, or designee, or the program administrator.
3. To parent(s) or legal guardian(s) in the beginning of the school year.
4. Referenced in the parent handbook calendar.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of pupils that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period the entire school year with updates as needed. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may rescind their Request by submitting a written request to the Building Principal or program administrator indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their

child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Building Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the pupil at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the pupil when other pupils are dismissed from school at the end of the school day.

Each Building Principal or program administrator will develop and implement a written Pupil Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for pupils at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Pupil Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

The pupil(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the pupil.

In order to ensure the safety of other pupils being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other pupils within the building, and to avoid traffic and vehicular safety problems outside the school building, the Building Principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by each Building Principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Building Principal or program administrator, the pupil will be relocated to the Main Office in the school building and will remain in the Main Office supervised by the Main Office staff until the parent(s) or legal guardian(s) or designated escort arrives.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to pupils at the school's facilities after formal school dismissal.

This Policy shall be published in pupil/school handbooks. 8613 – Waiver of Pupil Transportation

The Board of Education is required to provide transportation services for the school year to an elementary pupil living more than two miles from the public school of attendance or to a secondary school pupil living more than two and one-half miles from the public school of attendance in accordance with the provisions of N.J.S.A. 18A:39-1 et seq.

However, while providing school bus seats for those pupils eligible for transportation each school year, the Board recognizes certain pupils eligible for transportation services voluntarily elect not to use the transportation services offered by the Board resulting in empty seats on school buses going to and from school. To assist the Board in operating the school district's transportation system in the most cost-effective manner, the Board may provide a pupil's parent/guardian the option of waiving transportation services for that school year in accordance with the provisions of N.J.S.A. 18A:39-1c. In the event the Board provides this option, a pupil's parent/guardian will be required to sign a written statement indicating the pupil waives transportation services for that school year. The written statement shall be in such form as determined by the New Jersey Department of Education. The transportation coordinator will make the form available on the school district's website.

In the event a parent/guardian of a pupil eligible for transportation services waives transportation services for that school year and circumstances change during that school year due to a family or economic hardship, the school district will reinstate the pupil's eligibility for transportation to and from school.

In accordance with the provisions of N.J.S.A. 18A:39-19.4, a Commissioner-developed student information card will be completed by a parent of a student with an Individualized Education Plan (IEP), who receives transportation services, when the IEP is developed or amended. Upon receiving consent from the parent, the student information card will be provided to a school bus driver and bus aide for each student on the bus route to which the school bus driver or bus aide is assigned for whom a student information card has been completed by the parent.

8810 – Religious Holidays

The Board of Education recognizes the acknowledgment of religious holidays in the public school may be a source of community concern. It is a goal of the district educational program to teach mutual understanding and brotherhood and respect for group differences. In pursuing this goal, the educational program may recognize that various religious groups celebrate different holidays with different practices.

In the acknowledgment or observance of any religious holiday, the Superintendent shall ensure the school and/or school officials do not mandate, organize, participate in an official capacity, endorse, persuade, compel, prevent or deny participation in constitutionally protected prayer or religion in violation of the governing principles of the First Amendment of the United States Constitution. Consistent with these principles, the Superintendent shall ensure:

1. No worship or religious service of any kind is sponsored by the school district and conducted during the school day, whether or not conducted by a clergyman;
2. Religious exhibits or displays include only materials that are a necessary or integral part of the curriculum;
3. Any religious music played is selected primarily for its artistic content; and
4. Any acknowledgment of a religious holiday neither advances nor inhibits any particular religious sect or religion consistent with the governing principles of the First Amendment of the United States Constitution.

8820 – Opening Exercises/Ceremonies

The Board of Education requires the students in each school in the school district to salute the United States flag and repeat the pledge of allegiance to the flag of the United States of America in accordance with the provisions of N.J.S.A. 18A:36-3. The pledge of allegiance will be recited with students saluting the flag by standing at attention, removing any headdress, and placing their right hand over their heart. Students who have a conscientious objection against the pledge or salute, or are children of accredited representatives of foreign governments to whom the United States government extends diplomatic immunity, will not be required to salute the flag or recite the pledge, but must show full respect to the flag while the pledge is being given merely by quietly standing at attention and removing any non-religious headdress.

The Board of Education authorizes observance of Commodore John Barry Day as required by N.J.S.A. 18A:36-10 through 12 and appropriate exercises for the development of a higher spirit of patriotism on the last day of school preceding Washington's Birthday (also celebrated as President's Day), Decoration of Memorial Day, Columbus Day, and Veterans Day as required by N.J.S.A. 18A:36-13. 8860 – Memorials

The Board of Education recognizes that each officer and employee of this district is important not only to the school district but to the community at large. The loss of any officer or employee of this Board by death is a loss that the Board and the district share with the community.

In order to memorialize that loss in a fitting manner, the Board directs that, whenever notice is received of the death of a Board member or a person employed by the Board, the flag of the United States at each school district building shall be flown at half mast for one school day. Written notice shall be posted in an appropriate manner in each district building on that day in order that pupils, staff members, and visitors are informed of the purpose of the memorialization.

The Superintendent may, in his/her discretion, grant an employee of this district a brief absence without loss of pay or personal leave for the purpose of attending the funeral of his/her direct supervisor or subordinate provided that no disruption in the educational program will be caused by any such absence.

The Superintendent shall recommend to the Board and the Board may approve appropriate recognition measures beyond those provided for in this Policy when the deceased Board officer or employee has, by length of service or extraordinary accomplishment, especially distinguished his/her service to this school district.
