Request for Food in School for Birthdays

Dear Families:

All food served in school for birthdays must be pre-approved by **the school nurse** and **the principal two weeks prior to the date you wish the food to be served**. This is necessary for compliance with federal nutrition mandates and for the safety of students with dietary restrictions. The Student Wellness and Nutrition Policy states food items must meet the following guidelines:

- No more than eight grams of total fat per serving
- No more than two grams of saturated fat per serving
- Sugar cannot be the first ingredient
- Beverages can only be low-fat milk, water, or 100% fruit/vegetable juice

All food items must be store purchased and pre-packaged. See the back of this letter for snack suggestions that meet the guidelines for the nutrition policy. Foods of “minimal nutritional value” will not be allowed in school. This includes soda, water ices, Jell-O, candy-coated popcorn, cotton candy, chewing gum, and candy. Foods containing nuts or manufactured in a facility that uses nuts are not allowed because of life-threatening allergies.

Please submit your request to send in food with your child **in writing** by filling out the attached form. Duplicate forms can be requested from the main office at (908) 859-0800 ext. 3300 or 3400. The ingredient label from the packaging must be attached to your request if you are choosing food that is not on the list of suggestions.

When it is your child’s birthday, you may wish to send in a small treat for your child’s class. It should be a small snack and cannot replace a child’s lunch. Ice cream treats for the whole class will be approved and can be purchased through the school cafeteria by filling out the attached form two weeks prior to the day you would like the treats served. **You must call the cafeteria at 908-859-0800, ext. 3503 to order frozen treats in addition to filling out this form.** Students will receive frozen treats after they finish eating lunch in the cafeteria. If a snack has been pre-approved and sent in by a parent or guardian, the students will either receive the snack at the end of their lunch period or at the end of the school day. The snack will be distributed by the classroom teacher or the lunchroom staff.

Please contact the school nurse by note or email if you have questions.

Thank you for your cooperation and continued support!

Sincerely,

Noelle Kondikoff
Principal
