The Lopatcong Board of Education invites our stakeholders—school district families and community members alike--to attend a **critical issues input session**. Our purpose is to gather information to help identify criteria to be used in identifying the optimal qualities, background, and experience desired in a new Superintendent of Schools. Our search consultant, Kathleen Helewa of the New Jersey School Boards Association, will facilitate the evening's program. Ms. Helewa will explain –

- the search process and procedure,
- the roles played by the Board, school staff, and the public in the process, and
- the timeline of the search.

Discussion will center on the *strengths, concerns, on-going issues and future initiatives* which will face the new Superintendent. The outcomes from the evening's session will be used to shape interview questions and a variety of candidate review documents.

Please plan to attend this important meeting.

No RSVP necessary.

For information, please call the Board office at 908-213-2995 Ext. 2501
