

# Lopatcong Student Expectations

## Distance Learning

Lopatcong School District Remote Learning is designed to give students an engaging online learning experience that includes clear expectations and outcomes. These expectations will include online and offline learning activities. The work for the week in each content area can be found in Google Classroom. Tools in Google Classroom such as instructional videos, live and recorded sessions, online resources and Chats in Google Breakout sessions will be used. Not all components of online learning will happen in the first few weeks, but build over time as teacher and student comfort increases.

It is important that students understand their responsibility as learners to engage in their classrooms each day. In addition, they are responsible for the same regulations as listed in their building Code of Conduct. This includes appropriate online behavior within the Learning Platform.
