0120 – Role of the Board

(Limits of authority, powers, and duties)

The Constitution of the State of New Jersey charges the legislative bodies for the State to establish a system of public education. This has been done through those Statutes found in Title 18A and all others pertaining to education, court interpretations of the validity of the Statutes, and the powers implied under them. The Board has within its bounds, the authority to consider accepting or rejecting the provisions of the permissive laws. In all cases where the State laws do not provide or prohibit, the Board shall consider itself the agent for establishing and appraising educational activities.

The Lopatcong Township Board's primary responsibility is to establish those programs, purposes, and procedures that will best produce the education needed by school district pupils. In accordance with this, the Lopatcong Township Board or Education shall seek to achieve the following goals:

1. Concentrate the Board's collective effort on its policymaking and planning responsibilities;
2. Formulate policies that best serve the educational interests of each pupil;
3. Provide the Superintendent with sufficient and adequate guidelines for implementing Board policies;
4. Maintain effective communication with the public, staff, and pupils; and
5. Conduct Board business openly, soliciting, and encouraging broad-based involvement.

Formulation, Adoption, and Amendment of Bylaws and Policies

The governance of the Lopatcong Township School District through bylaws and policies directed toward providing a thorough and efficient education for its pupils is one of the most important functions of the Board of Education. Therefore, the Board will establish a careful process to ensure the:

1. Development of clear, workable, and legal bylaws and policies that reflect mature consideration of the will and needs of the community, and
2. Timely, accurate evaluation of the effectiveness of the policies in the achievement of district objectives and progress toward goals.

To ensure that the total bylaw or policy process is implemented effectively, the Board appoints the Superintendent as the overall policy coordinator. In cooperation with the Board, the Superintendent shall establish procedures to implement this bylaw including an action plan for: the careful development of policies and their regular review; appropriate policy goal-setting; a process for evaluation of district and school progress toward, or achievement of, policy goals; and appropriate standards of measurement and criteria for judging such progress.

The procedures will conform in all respects to the bylaws of the Board concerning agenda and meetings. Interested parties in the school community may submit proposals for additions or amendments to the school district policy manual and may contribute opinions and information for the Board's consideration.

The Superintendent will keep current with changes in Federal and State laws that may require new policies or amendments to current policies. In addition, the Superintendent will constantly review current or anticipated issues facing the district that may require new or amended policies. The Superintendent will prepare proposed new or amended policy drafts and present them to the Board Policy Committee for their review and approval before they are submitted to the full Board. Any conflicts between proposed and existing policies will be assessed and brought to the attention of the Policy Committee before it considers the Superintendent's recommendation and to the Board at the first reading of the proposed new or amended policy.

Notice of possible adoption of a bylaw or policy will be stated in the Board Meeting Agenda and copies of the proposed policy or amendment will be included in the Board Meeting Material Packet. While the proposed new bylaws, policies, and regulations or amendments don't need to be actually "read" at the Board meetings, copies will be made available, upon request, to the public at the first and second readings. They will also be posted on the Board of Education's website. Amended policies and new policies may be adopted on the second reading by a majority vote of the full Board. The first and second readings of proposed policies or amendments must be at regular Board meetings. Changes to current policies that correct spelling or typographical errors and/or update Legal References or Cross-References do not require full Board approval. However, such changes must be brought to the attention of the Board Secretary and Policy Committee chair.

The Superintendent will establish and maintain an orderly plan for preserving and making accessible the bylaws and policies adopted by the Board and the administrative rules and regulations needed to put them into effect. Every bylaw, policy, and regulation must be reviewed at least once every five years to determine if it is still relevant and whether it needs updating to better reflect the current educational environment. This review will be conducted by, and documented in the meeting minutes of, the Policy Committee. At the discretion of the Superintendent, the Board Secretary, or Policy Committee chair may be engaged to assist the Superintendent in policy development.

In the interest of efficient administration, the Superintendent will have the power to decide all matters of detail that may arise for which no specific provision is made in the policies adopted by the Board, but no emergency action will constitute official Board policy. The Superintendent will present the matter at the next Board meeting, so the Board can consider policy to deal with that situation in the future.

The Board reserves to itself the right to final determination of what will be the official policy of the Lopatcong Township School District.

The Board of Education may assume jurisdiction over any dispute or controversy arising within this school district and concerning any matter over which authority has been vested in the Board by statute, rule of the State Board of Education, or a contract or policy of this Board.

0134 – Board Self-Evaluation

The Board of Education is committed to the belief that every part of the school system in this district should be accountable to the public and that performance evaluation is essential to that accountability. The Board further believes that the improvement and growth of any institution depends upon an honest appraisal of its strengths and weaknesses. The Board accepts, therefore, responsibility for the conduct of a systematic program of self-evaluation and appraisal. The standards against which the Board will evaluate itself will be the educational goals, bylaws, and policies duly adopted by this Board.

The Board will annually adopt an evaluation instrument that permits individual Board members to record their assessments of the conduct of Board meetings, the fiscal management of the district, the conduct of the instructional program, and the relationship of the Board with the Superintendent, other district staff members, and the community.

The assessments of Board members will be tabulated and presented for discussion at a regular meeting of the Board in which the Superintendent will be invited to participate. The Board will formulate, as appropriate, goals and priorities that will serve to guide the Board in the ensuing school year.

For the purposes of this Policy, “administrator” is defined as set forth in N.J.S.A. 18A:12-23.

No relative of a Board member, an administrator, or the Superintendent shall be employed in an office or position in this school district except that a person employed by the school district on the original effective date of this Policy or the date a relative becomes a Board member, an administrator, or the Superintendent shall not be prohibited from continuing to be employed or promoted in the district.

The Superintendent of Schools shall not recommend to the Board of Education pursuant to N.J.S.A. 18A:27-4.1 any relative of a Board member, an administrator, or the Superintendent. However, in accordance with N.J.A.C. 6A:23A-6.2(a)2, the district may employ a relative of a Board member, an administrator, or the Superintendent provided the district obtains the approval from the Executive County Superintendent. Such approval shall be granted only upon demonstration by the school district that it conducted a thorough search for candidates and that the proposed candidate is the only qualified and available person for the position.

A school district administrator shall be prohibited from exercising direct or indirect authority, supervision, or control over a relative of the administrator. Where it is not feasible to eliminate such a direct or indirect supervisory relationship, appropriate screens and/or alternative supervision and reporting mechanisms must be put in place.

A school district administrator or Board member who has a relative who is a member of the bargaining unit shall be prohibited from discussing or voting on the proposed collective bargaining agreement with that unit or from participating in any way in negotiations, including, but not limited to, being a member of the negotiating team or being present with the Board of Education in closed sessions when negotiation strategies, positions, or offers are being discussed; provided however, that the administrator may serve as a technical resource to the negotiating team and may provide technical information necessary to the collective bargaining process when no one else in the district can provide such information.

A school district administrator or Board member who has an immediate family member who is a member of the same Statewide union in another school district shall be prohibited from participating in any way in negotiations, including but not limited to, being a member of the negotiating team or being present

with the Board of Education in closed sessions when negotiation strategies, positions, or offers are being discussed, prior to the Board of Education attaining a Tentative Memorandum of Agreement with the bargaining unit that includes a salary guide and total compensation package. Once the Tentative Memorandum of Agreement is established, a school district administrator with an immediate family member who is a member of the same Statewide union in another school district may fully participate in the process, absent other conflicts. Notwithstanding these provisions, a district administrator who has an immediate family member who is a member of the same Statewide union in another district may serve as a technical resource to the negotiating team and may provide technical information necessary to the collective bargaining process when no one else in the district can provide the information.

0143 – Board Member Election and Appointment

The election and appointment of Board of Education members will be conducted in strict compliance with law.

A vacancy in the membership of the Board of Education will be filled as follows:

1. By the Executive County Superintendent, if the vacancy is caused by;
 - a. The absence of candidates for election to the school Board, or
 - b. The removal of a member because of lack of qualifications, or
 - c. The failure of the Board to appoint a person to a vacancy within sixty-five days following its occurrence, or
 - d. Two or more candidates qualified by law for membership on the Board receiving an equal number of votes in a special runoff election.
2. By the Executive County Superintendent, to a number sufficient to make up a quorum of the Board if, by reason of vacancies, a quorum is lacking;
3. By Special election within sixty days of the annual school election, if;
 - a. Two or more candidates qualified by law for membership on the Board receive an equal number of votes, or
 - b. The annual election is disqualified due to improper election procedures.
4. By the Commissioner of Education if there is a failure to elect a member at the annual school election due to improper election practices; or
5. By a majority vote of the remaining members of the Board of Education after the vacancy occurs in all other cases.

The Board Secretary will promptly notify the President of a vacancy to be filled by the Board. The President will inform all other Board members. The Board will give public notice of the vacancy and invite any qualified person to submit a written request for consideration of his/her candidacy for the vacancy. The Board may also require candidates submit a resume with their written request.

In considering candidates who have expressed an interest in a vacancy, the Board of Education may interview candidates in public or executive session. The Board must vote to appoint a candidate to a vacancy in public session and there will be no decisions made in executive session. In the event interviews are conducted in executive session, Board members, in the public session nomination and voting process, will express their opinion in support of their vote so the public can witness any deliberations, policy formulation, and the decision making process of the Board.

A roll call vote will be conducted on candidates in the order the candidates were nominated with a second. If there are two or more vacancies, each vacancy will be filled by a separate election process. The first candidate who receives the votes of a majority of the remaining Board members will be elected to the vacancy. In the event no candidate receives a majority vote of the remaining Board members, another election will be conducted between the two candidates receiving the highest number of votes.

0162 – Notice of Board Meetings

The Board of Education will give notice of all meetings in accordance with law.

Public Notice

The Board Secretary shall notify, in writing and no later than forty-eight hours in advance of the meeting, each Board member and each person who has duly requested such notification of the time, date, location, and, to the extent it is known, the agenda of any regular, special, or rescheduled meeting. Forty-eight hour notice shall also be posted in the Board office and at both schools, delivered to two newspapers designated by the Board on the district website, and filed with the clerk of Lopatcong Township, except that forty-eight hour notice is not required where the time, date, and location of the meeting has been published in the annual list of meetings approved by the Board in accordance with law.

Upon the affirmative vote of three-quarters of the members present, the Board may meet in the absence of adequate notice, provided that discussion and action is limited to specific and unforeseen or unforeseeable matters of such urgency and importance that delay for the provision of notice would be likely to result in substantial harm to the public interest and that notice is given as soon as possible after the call of the meeting in accordance with the provisions of law and this bylaw.

Personal Notice of Meeting

The Board shall provide personal notice in writing to, the parent(s) or legal guardian(s) of a minor pupil, an employee or officer of this district (Rice Notice), or a prospective employee whose privacy may be invaded or whose employment may be affected by the Board's deliberations in private session. Such personal notice will include the date and time of the private meeting, the subject or subjects scheduled for discussion at the private meeting, and the right of the individual given notice to request that the discussions be conducted at a public meeting. Personal notice will be given no less than seventy-two hours in advance of the private meeting.

A written request for public discussion must be signed by the person making the request and must be submitted to the Board Secretary prior to the commencement of the meeting. Any such properly submitted request will be granted. In the event that one or more, but fewer than all, of a group of persons whose employment will be discussed request a public meeting, the discussion regarding the person or persons who have submitted the request will be severed from the rest and will be conducted publicly.

A discussion held in public by reason of the written request of an individual will be conducted at a regularly scheduled meeting for which annual notice has been given or at a meeting for which adequate public notice has been given in accordance with law.

Lopatcong Township Board of Education

Bylaws
0163 – Quorum
Page 1 of 3

0163 – Quorum

A quorum shall consist of five Board members, and no business shall be conducted in the absence of a quorum.

In the event a quorum is not present at the hour of convening, the meeting may be recessed to a time not later than 9:00pm, two hours after the advertised start time of the same day or cancelled at the direction of the Board President or a simple majority of the Board members present. If after a recess a quorum is not then present, the members present may adjourn the meeting to a later date within seven days.

The Board of Education recognizes that there may be matters that come before the Board or acts required of Board members in their official capacity where the Board member may have a conflict of interest or the act would be in violation of N.J.S.A. 18A:12-24. In these matters, the Board member(s) will remove himself/herself from any discussions, executive sessions, committee meetings, and/or a vote regarding the matter. The Board will consider this matter without the Board member(s) who has the conflict. However, the Board member with a conflict may remain in a public meeting.

In the event a matter comes before the Board or an act is required of a Board member in his/her official capacity that is a conflict or would be in violation of N.J.S.A. 18A:12-24, the Board would still be required to have a quorum to consider the matter. However, the New Jersey Department of Education and the School Ethics Commission has envisioned this prohibition could create a situation in which so many Board members have a conflict, that the Board would be unable to take action on a matter. Therefore, when more than a quorum of the Board members must abstain from voting on a matter, if required, the Board will invoke the Doctrine of Necessity consistent with the New Jersey Department of Education and School Ethics Commission guidelines as follows:

A. Board Member(s) in Conflict - Less Than a Majority of The Board

1. In the event a Board member(s) has a conflict of interest where the Board member will act in his/her official capacity, the Board member must remove himself/herself from any discussions, executive sessions, committee meetings, and/or a vote regarding the matter.
2. In the event a Board member is unsure whether he/she or any other Board member has a conflict of interest or whether the matter, if acted upon by a Board member(s) is in violation of N.J.S.A. 18A:12-24 - Prohibited Acts, the School Board Attorney may be consulted.
3. The School Board Attorney may provide the Board of Education an opinion on whether the matter is a conflict of interest or act prohibited by N.J.S.A. 18A:12-24 - Prohibited Acts.
4. If the Board member(s) believes he/she has a conflict of interest where he/she will act in his/her official capacity or if the School Board Attorney renders an opinion that the Board member has a conflict of interest where the Board member will act in his/her official capacity, the Board member will remove himself/herself from any discussions, executive sessions, committee meetings, and/or a vote regarding the matter.

B. A Majority of Board Members in Conflict

1. In the event:

Bylaw

Lopatcong Township Board of Education

Bylaws
0163 – Quorum
Page 2 of 3

- a. A Board member(s) believes he/she has a conflict of interest where he/she will act in his/her official capacity; or
- b. If the School Board Attorney renders an opinion that the Board member(s) has a conflict of interest where the Board member will act in his/her official capacity; and
- c. The number of Board members that have a conflict would make it so the Board would be unable to take action on the matter, then the Board may invoke the “Rule [or Doctrine] of Necessity.” (Citing U.S. v. Will, 449 U.S. 200 (1980)).

C. Rule [Or Doctrine] Of Necessity

1. The Doctrine of Necessity may be invoked when more than the number of Board members of the Board required to act must abstain from voting on a matter.
2. There are three prerequisites necessary for a Board to invoke the Doctrine of Necessity:
 - a. The Board must be unable to act without the members in conflict taking part;
 - b. There must be a pressing need for action, i.e. the matter cannot be laid aside until another date; and
 - c. There can be no alternative forum that can grant the same relief. (*Allen v. Toms River Regional Board of Education*, 233 N.J. Super 651 (Law Division 1989).
3. When the Board the Doctrine of Necessity must be invoked in order to obtain a quorum on a vote, the Board must announce that it is invoking the Doctrine.
 - a. The announcement must include the reason the Board must invoke the Doctrine of Necessity including stating the nature of each Board members conflict.
 - b. The announcement will be in writing and should be recorded in the minutes of the meeting by the Board Secretary at the point when the vote takes place.
 - c. It is enough for the Board to announce it is invoking the Doctrine and a Board Resolution is not required.
4. When the Board announces the Doctrine of Necessity is being invoked, the details, parameters and/or other pertinent facts of the matter to be voted should be revealed on an agenda for the public meeting in which the matter is to be voted upon, if known in advance.
5. The Board members who have a conflict in the matter are prohibited from:
 - a. Participating in any discussions on the matter prior to the announcement and public meeting; and
 - b. From entering an executive session in order to discuss the merits of the matter or contract; and
 - c. From offering their opinions on the matter at any time prior to the announcement and public meeting.
6. The Board members who have a conflict in the matter may only participate to the extent they may vote after the motion to approve and/or ratify the matter has been made and seconded and the Doctrine of Necessity has been thoroughly explained to the public.

0166 – Executive Sessions

The Board of Education may meet in a private session only to discuss and act on issues exempted by law from the requirement that all Board meetings be public and only after the adoption at a public meeting of a resolution stating the general nature of the subject or subjects to be discussed and, as precisely as possible, the time when and circumstances under which the discussion conducted in private session can be disclosed to the public.

The Board may exclude the public only from that portion of a meeting at which the Board discusses:

1. Any matter that has been rendered confidential by express provision of federal or state law or rule of court;
2. Any matter in which the release of information would impair a right to receive funds from the Government of the United States;
3. Any material the disclosure of which constitutes an unwarranted invasion of a pupil's privacy, including but not limited to records, data, reports, or recommendations relative to the pupil's personal and family circumstances, treatment, progress or condition, unless the adult pupil or the pupil's parent(s) or legal guardian(s) requests in writing that the same be disclosed publicly;
4. Any Collective Bargaining Agreement, or the terms and conditions that are proposed for inclusion in any Collective Bargaining Agreement, including the negotiation of the agreement with school district employees or representatives of employees;
5. Any matter involving the purchase, lease, or acquisition of real property with public funds or the investment of public funds, where it could adversely affect the public interest if discussion of such matters were disclosed;
6. Any tactics and techniques utilized in protecting the safety and property of the public when their disclosure could impair such protection and any investigations of violations or possible violations of the law;
7. Any pending or anticipated litigation or contract negotiation other than as stated in #4 in which the Board is or may become a party and any matters falling within the attorney-client privilege, to the extent that confidentiality is required in order for the attorney to exercise his/her ethical duties as a lawyer;
8. Any matter involving the employment, appointment, termination of employment, terms and conditions of employment, evaluation of the performance of, promotion or disciplining of any specific prospective public officer or employee or current public officer or employee employed or appointed by the Board, unless the individual employees or appointees whose rights could be adversely affected request in writing that such matter or matters be discussed at a public meeting, except that, regardless of the employee's request, the consideration and actions of the Board as to any tenure charge shall be conducted in private session;
9. Any deliberations occurring after a public hearing that may result in the imposition of a specific civil penalty upon the responding party or the suspension or loss of the responding party's certification as a result of an act or omission for which the responding party bears responsibility.

0167 – Public Participation in Board Meetings

The Board of Education recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest.

To permit the fair and orderly expression of such comment, the Board will set aside a portion of every Board meeting, the length of which will be determined by the Board, for public comment on any school or school district issue that a member of the public feels may be of concern to the residents of the school districts.

Public participation will be permitted twice during the meeting as indicated on the agenda as outlined in [Board Bylaw #0164 – Conduct of Board Meetings](#), or at the discretion of the Board President (or presiding officer).

Public participation will be governed by the following rules, which may be waived at the discretion of the Board President (or presiding officer);

14. A participant must be recognized by the Board President (or presiding officer) and preface their comments by stating his/her name, address, municipality of residence, and group affiliation (if applicable);
15. Each statement made by a participant will be limited to three (3) minutes in duration;
16. No participant may speak more than once on the same topic until all others who wish to speak on that topic have been heard, and then only at the discretion of the Board President (or presiding officer);
17. All statements, questions, or inquiries will be directed to the Board President (or presiding officer); any questions or inquiries directed by a participant to another Board member or administrator will be intercepted by the Board President (or presiding officer) who will determine if he/she will address such question or inquiry on behalf of the Board or administrator, or by the individual Board member or administrator;
18. The Board President (or presiding officer) may:
 - a. Interrupt, warn, and/or terminate a participant's statement, question, or inquiry when it is too lengthy;

0168 – Recording Board Meetings

The Board of Education directs the creation and maintenance of an official record of the formal proceedings of the Board and will permit the unofficial recording of Board meetings in accordance with this Bylaw.

Minutes

The Board will keep reasonably comprehensible minutes of all its meetings showing the time and place, the members present, the subject considered, the actions taken, the vote of each member, information sufficient to explain the actions taken, and any other information required to be shown in the minutes by law.

Minutes of public meetings will be public records signed by the Board Secretary and filed in the Board Secretary's office in a minute book as the permanent record of the acts of this Board.

Minutes of executive meetings will be filed in the Board Secretary's office in a place separate from the minute book until the time, if any, when the proceedings may be made public. At that time, the minutes will be public records and will be filed in the regular minute book.

The Secretary will provide each Board member with a copy of the minutes prior to Board approval.

Recording by the Public

A member of the public may record the proceedings of a public meeting of the Board provided that the audio or video recording process complies with reasonable guidelines as outlined in this Bylaw. These guidelines are adopted to ensure the recording of the public meeting does not interrupt the proceedings, inhibit the conduct of the meeting, or distract Board members or other observers present at the meeting.

The Board will permit the use of audio and/or video recording devices by members of the public to record public meetings. Prior notice to record a public meeting is not required provided the person operates the recording device while sitting in the area designated by the Board for public seating. The recording of a meeting from this area shall not obstruct or distract any member of the public from observing and listening to the proceedings of the meeting. If the recording is obstructing the view or is distracting to members of the public, the Board President (or designee) will require the person recording the meeting to relocate to another area of the meeting room.

In the event a member of the public wants or needs to record a public meeting from an area other than the area designated for public seating, the person will provide notice of such request to the Board Secretary in advance of the meeting. The Board Secretary (or designee) will review the recording guidelines with the person requesting to record the meeting. Any member of the public who wants to record the meeting from an area other than that designated for public seating must be located and operated from inconspicuous locations in the meeting room as determined by the Board President (or designee). Prior to the meeting, the Board President (or designee) will determine the location of each recording device so that each video recording device can record the meeting with an unobstructed view and each audio recording device can record the meeting so that speakers and meeting proceedings can be properly

recorded. The location of any recording device operated from an area other than that designated for public seating will be in an area of the meeting room that is not distracting or obtrusive to Board members, members of the public, or the orderly operation of the meeting. Any recording device used outside the area designated for public seating will be located within a similar distance from the Board as the public seating area. The Board President (or designee) will determine when the number of recording devices used outside the area designated for public seating interferes with the conduct of a Board meeting and may order an interfering recording device be removed or relocated. Additional lighting must not be used unless approved by the Board President (or designee) prior to the meeting. All recording devices and any related equipment must be battery operated or operational without the use of district electricity as the district will not permit such equipment to be connected to the school district's electrical service.

0169 – Board Member Use of Electronic Mail/Internet

The Board of Education is a public body as defined in the New Jersey Open Public Meetings Act, N.J.A.C. 10:4-6 et seq., and the Board and its members are required to comply with the provisions of this Act. It is the right of the public to be present at meetings of public bodies and to witness in full all phases of the deliberations, policy formulation, and decision-making. Board members acknowledge certain discussions between Board members, other than during a Board meeting, may be subject to the provisions of the Open Public Meetings Act.

The Board of Education is also subject to the Open Public Records Act, N.J.S.A. 47:1A-1 et seq. The Open Public Records Act requires public agencies/School Boards to make certain governmental records subject to public access. Board members may, by written and/or electronic mail (e-mail), communicate with each other and with certain school staff regarding the school district's public business. "Public business" means and includes all matters that relate in any way, directly or indirectly, to the performance of the public body's functions or the conduct of its business. Board members acknowledge these written communications may be classified as a governmental record and may be subject to public access pursuant to the Open Public Records Act.

In order to ensure the Board and/or individual Board members comply with the requirements of the Open Public Meetings Act and the Open Public Records Act, the following guidance is provided regarding certain discussions and written communications regarding the public business:

1. Written letters, e-mails, and supporting documents regarding school district matters written by Board members to other Board members or written by Board members to school staff, unless the subject matter is specifically exempt under the Open Public Records Law, are governmental records and are subject to public access. Based on the potential for improper/inappropriate disclosure and/or breach of confidentiality that may compromise the Board or Board member, these communications should not involve confidential matters, especially any matter the Board may discuss in executive/private session outside the presence of the public pursuant to the Open Public Meetings Act.
2. Written letters, internet (chat) discussions, e-mails, and supporting documents regarding the school district's public business written by Board members to other Board members shall not replace deliberations that would prevent the public from witnessing in full detail all phases of the Board's deliberations, policy formulation, and decision-making process in accordance with the intent of the Open Public Meetings Act. Therefore, Board members will not engage in any discussion among themselves of how they intend to vote on an issue to the extent it violates the Open Public Meetings Act, except at Board meetings.
3. Internet (chat) discussions or e-mail exchanges between Board members regarding the school district's public business may encourage multiple Board members to engage in a discussion with the potential that a quorum of the Board may be involved, or become involved, in such discussion. Therefore, Board members should refrain from such discussions among themselves.

In the event a Board member(s) fails to comply with the guidance of this Policy, the matter shall be referred to the Board President, who will meet and/or discuss the matter and this Policy with the Board member(s). The Board President may request the Board Attorney participate in this meeting and/or discussion.

0169.02 – Board Member Use of Social Networks

0169.02 – Board Member Use of Social Networks

In accordance with the School Ethics Act - N.J.S.A. 18A:12-21 et seq., Board of Education members must avoid conduct which is in violation of the public trust or which creates a justifiable impression among the public that such trust is being violated. To avoid conduct that may be in violation or perceived to be in violation of the School Ethics Act, the Board of Education adopts this Policy to provide guidance to Board members in their use of social networks.

For the purposes of this Policy, “social network(s)” will include, but not be limited to: Internet blogs, electronic bulletin boards, emails, social networking websites, text messages, or any other online platform where people may post or communicate interests, opinions, or any other information that may be viewed by others with or without permission from the person making such post or re-publishing such post. “Social networks” also means an Internet-based service that allows individuals to: construct a public or semi-public profile within a bounded system created by the service; create a list of other users with whom they share a connection within the system; and view and navigate their list of connections and those made by others within the system.

For the purposes of this Policy, “use of a social network” will include, but not be limited to: posting to a social network; reposting, sharing, responding to or “liking” another person’s post to a social network; messaging; or any other publication of material on a social network.

Nothing in this Policy prevents a Board of Education member from using a social network. However, a Board member must avoid conduct on a social network that would violate the School Ethics Act – N.J.S.A. 18A:12-21 et seq., which includes the Code of Ethics for Board Members. Board members should be advised communications, publications, photographs, and any other information posted by the Board member, or reposted, shared, responded to, or “liked” by the Board member, on a social network could violate the School Ethics Act and be cause for sanctions in accordance with the law.

While this Policy respects the right of Board members to use social networks, Board members will recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. A Board member’s use of social networks will not damage the reputation of the Board of Education or its members, school district; its employees, students or their families; or community members. Board members who use social networks will ensure their conduct is appropriate for a Board of Education member. Board members will exercise care in setting appropriate boundaries between their personal and public online behavior, understanding what is private in the digital world often has the possibility of becoming public, even without their knowledge or consent.

Board members should carefully review the privacy settings on social networks they use and exercise care and good judgment when posting content and information. When using social networks, Board members are advised to:

4. Not post anything that would violate any of the district’s policies for Board members;

6. Not disclose any confidential information about the school district or confidential information obtained as a result of being a Board member, about any individual(s) or organization, including students and/or their families;
7. Not use or refer to their Board of Education title or position when soliciting for a business organization that he or she or any immediate family member has an interest in, as well as posting or referencing any confidential information regarding the Board of Education or the school district obtained through their Board membership, unless authorized by law;
8. Refrain from having communications through social networks with other Board members regarding any Board of Education business to avoid any potential violation of the New Jersey Open Public Meetings Act;
